STATEWIDE SUMMARY

Utah's fiscal year (FY) 2018 operating and capital budget is \$16.2 billion from all sources. That is a 3.3 percent increase over revised FY 2017 estimates of \$15.6 billion and 4.7 percent more than the original FY 2017 budget of \$15.4 billion. Utah's current year FY 2017 budget from all sources increased slightly during the 2016 Third Special Session, 2016 Fourth Special Session, and 2017 General Session – from \$15.4 billion to \$15.6 billion – due to better estimates of federal funds used in transportation and Workforce Services offset by lower than expected growth in Medicaid.

Economists expect that the State will collect \$6.6 billion in discretionary General and Education Fund (GF/EF) revenue in FY 2018. Using that revenue and \$57.5 million in resources reserved from the prior year, legislators balanced the State's FY 2018 GF/EF budget at \$6.7 billion, up 4.2 percent.¹ They decreased GF/EF appropriations slightly in FY 2017 – by around \$7.0 million. Current year changes were due to lower than expected Medicaid cost growth offset by teacher salary supplements for additional teachers hired in the 2016-17 school year as well as infrastructure investments made in the 2016 Third and Fourth Special Sessions.

Tables showing statewide appropriations and revenue detail begin on page nine of this report.

Figure 1 – State of Utah Budget History

¹ See Utah's balanced budget detail in Table 11.

Legislators had at their disposal \$372 million in new ongoing revenue growth and \$13 million in additional one-time collections from revised current year revenue estimates. To that revenue they added \$80 million in program reductions, \$27 million in fund balances and reserves, and \$7 million in new revenue. They allocated this new money as shown in Figure 2.

Figure 2 – Allocation of New Discretionary Funds, 2017 General Session

Education spending accounted for the largest share of new money appropriated during the 2017 General Session. Of the available \$498 million statewide, lawmakers utilized more than two-thirds (\$342 million) to support public and higher education. Absent budget reallocations, public and higher education received 89 percent of the Session's \$385 million in revenue growth. Some of the education-related General and Education Fund increases include:

- \$115.5 million for a 4.0 percent increase in the value of the Weighted Pupil Unit to \$3,311;
- \$64.0 million ongoing and \$4.0 million one-time to fund anticipated fall 2017 growth in the number of weighted pupil units by 1.6 percent;
- \$10.5 million one-time for construction of a new building for the Utah Schools for the Deaf and the Blind;
- \$7.1 million ongoing and \$0.4 million one-time for instructional technology;
- \$5.0 million for teacher supplies and materials;

- \$2.6 million to eliminate teacher licensing fees;
- \$1.9 million ongoing and \$3.0 million one-time for Utah Education and Telehealth Network software and infrastructure;
- \$5.0 million for higher education (HED) and \$3.0 million for Utah College of Applied Technology (UCAT) market demand programs;
- \$8.0 million for Regents' Scholarships;
- \$7.2 million for HED and \$0.2 million for UCAT tuition mitigation;
- \$6.2 million ongoing and \$1.5 million one-time to replace lost Tobacco Settlement funds and return to pre-2008 levels of state funding for the Huntsman Cancer Institute via the University of Utah Cancer Research and Treatment line item;
- \$16.5 million ongoing and (\$10.0 million) one-time for HED performance funding (S.B. 117, 2017 GS);
- \$3.1 million for student athlete graduation improvement initiatives;
- \$1.0 million ongoing and \$1.0 million one-time for UCAT equipment; and
- \$51.5 million one-time for new HED and UCAT buildings including \$14.0 million for the Weber State Social Sciences building, \$10.0 million for the Utah State Biological Sciences building, \$10.0 million for Utah Valley's Performing Arts Center, \$8.0 million for the Dixie State Human Performance Center, \$5.0 million for the University of Utah's Rehabilitation Hospital, and \$4.5 million for the Uintah Basin ATC Welding Technology Building. Future year debt service savings and ongoing appropriations must be allocated to complete these projects as follows: \$5.0 million for Weber State Social Sciences in FY 2019, \$17.0 million for Dixie State Human Performance Center in FY 2019, \$45.0 million for University of Utah Rehabilitation Hospital in FY 2019 and FY 2020.

Other significant GF/EF budget changes include:

- (\$16.2 million) one-time from lower debt service costs from retiring building bonds in FY 2018;
- (\$16.1 million) one-time for 100% federal funding of CHIP in state fiscal year 2018;

- (\$14.6 million) one-time from delayed implementation of health coverage for uninsured individuals in the poverty gap (H.B. 437, 2016 GS);
- \$4.0 million ongoing and (\$10.8 million) one-time for Medicaid caseload growth, inflation, and program changes;
- \$11.4 million for local mental health Medicaid matching funds;
- \$6.0 million for behavioral health treatment of those in the Justice Reform population;
- \$10.6 million one-time for Homeless and Housing Reform initiatives (H.B. 441, 2017 GS);
- \$1.4 million ongoing and \$1.9 million one-time for Affordable Housing (H.B. 36, 2017 GS);
- \$3.0 million for tourism marketing;
- \$1.5 million for motion picture incentives;
- \$1.4 million one-time for rail manufacturing economic development incentives;
- \$2.5 million ongoing and (\$1.4 million) one-time for a clean natural gas/alternative fuel transit district;
- \$0.2 million ongoing and \$1.3 million one-time for air quality monitoring;
- \$1.2 million one-time for state fair operating expenses;
- \$0.9 million ongoing and \$1.8 million one-time for Jail Contracting, Reimbursement, and Treatment; and
- \$2.4 million ongoing and \$0.4 million one-time for Salt Lake County jail bed funding.

Details of these resources can be found in the individual subcommittee sections of this report.

REVENUE

The State's two discretionary sources of finance are the sales tax supported General Fund and the income tax based Education Fund. Other major sources are federal funds, the gas tax driven Transportation Fund, sales tax devoted to Transportation, local revenue for education, and dedicated credits (fee for service revenue). Figure 3 shows how these sources constitute the total operating and capital budget.

Utah employs a consensus revenue estimating process for the General and Education Funds, as well as the Transportation Fund and Federal Mineral Lease money. Economists from the legislative and the executive branches of government agree upon a single set of revenue targets. Both branches then use those targets for budgeting. Each December and February the consensus team releases updated estimates for the current year and projections for the next year. Final targets – including changes associated with legislation – come out in May. The Legislature's Executive Appropriations Committee (EAC) typically adopts these estimates.

Figure 3 – Total Budget by Fund Source, FY 2018

On March 3, 2017, EAC adopted consensus ongoing FY 2018 General and Education Fund revenue estimates of \$6.6 billion. That is 5.8 percent more than the revised FY 2017 estimate of \$6.3 billion (see Table 7). Changes due to legislation passed in the 2017 General Session decrease the FY 2018 estimate by around \$3.7 million and increased FY 2017 by about \$2.4 million (see Table 8).

Legislators identified other one-time sources that they added to revenue growth. From nonlapsing program balances and fund balances, they returned to the General and Education Funds more than \$27 million in FY 2017 (see Table 9). Changes to the base budget, most identified by subcommittees early in the process, freed up \$80 million that lawmakers added to revenue growth across both years. In total, legislators had at their disposal \$6.7 billion in FY 2018 and \$6.4 billion in FY 2017 (see Table 11).

BILLS AFFECTING REVENUE

Lawmakers passed several bills that are expected to impact General and Education fund revenue estimates. A select few are listed below. A full list is shown in Table 8.

H.B. 23, “Income Tax Credit Modifications”

phases out the income tax credit for certain residential renewable energy systems, which may increase revenue to the Education Fund by \$2.1 million beginning in FY 2019.

H.B. 219, “Rural Tax Credit Amendments”

offers a state nonrefundable tax credit for certain contributions to a nonprofit corporation related to an approved project in an enterprise zone, which may decrease revenue to the Education Fund by \$60,000 in FY 2018 and \$75,000 in FY 2019.

H.B. 405, “Hydrogen Fuel Production Incentives”

offers a severance tax credit for a taxpayer that produces natural gas for use in the production of hydrogen fuel for zero emission motor vehicles, which may reduce revenue to the General Fund by \$3.4 million beginning in FY 2019.

H.B. 442, “Alcohol Amendments”

imposes higher markups on liquor and heavy beer, which, in combination with the other changes contained in the bill, may increase revenue to the General Fund by \$1,669,300 in FY 2018 and \$2,054,300 in FY 2019.

S.B. 109, “Small Employer Retirement Program”

offers small employers a one-time tax credit totaling \$149,000 one-time in FY 2019 to give employees access to a qualified retirement program.

S.B. 132, “Tax Provision Amendments”

adds automobile manufacturing to the industries that qualify to be taxed as sales factor weighted taxpayers and offers a sales tax exemption for certain purchases made by automobile manufacturers, the combination of these two may forgo potential sales tax revenue of \$10 million and potential corporate income tax revenue of \$1.0 million beginning in FY 2020.

S.B. 155, “Alcohol Beverage Control Budget Amendments” allows the Department of Alcoholic Beverage Control to spend up to \$1.0 million annually for the purchase of capital equipment, payment of performance awards, and information technology enhancements. The additional spending reduces the General Fund profit transfer by \$1.0 million annually.

S.B. 197, “Refinery Sales and Use Tax Exemption Amendments” offers a sales and use tax exemption for certain purchases made by refiners, which may decrease state sales tax revenue by \$855,500 in FY 2018 and \$2,135,100 in FY 2019.

S.B. 267, “Utah Rural Jobs Act” authorizes a state nonrefundable rural job creation tax credit, which may forgo revenue to the Education Fund by \$6.1 million annually from FY 2022 to FY 2025.

S.B. 276, “Transportation Funding Modifications” indexes the minimum gas tax rate to the rate of inflation, which may increase revenue from gas and diesel purchases by \$4.2 million in FY 2019 and by \$9.5 million in FY 2020. The bill also phases out sales tax earmarks for transportation, returning \$5.1 million to the General Fund in FY 2020.

APPROPRIATIONS

Altogether, the Legislature approved \$18.6 billion in appropriations from all sources for all purposes in FY 2018. As shown in Table 1, that total includes transactions not typically considered “the budget” – things like account deposits, loan and other enterprise funds, internal service funds, fiduciary funds, and capital projects appropriations. Adjusting for those appropriations, Utah’s operating and capital budget – including appropriations to expendable funds and accounts – is \$16.2 billion in FY 2018 (see Table 2).

Legislators appropriated \$6.7 billion from the General Fund and Education Fund in FY 2018, an increase of 4.2 percent over the Revised FY 2017 budget. Supplemental FY 2017 appropriations from the General and Education Funds decreased by \$7.2

million due to lower than budgeted growth in Medicaid, salary supplements for newly hired teachers, and Special Session investments.

Figure 4 – Total Budget by Use, FY 2018

Figure 4 displays total funding by area of expenditure. Figure 5 shows the same but for General and Education Fund spending only. Detailed presentations of the budget can be found in Tables 1 through 6 at the end of this chapter.

Figure 5 – General and Education Fund by Use, FY 2018

2016 Third Special Session

Lawmakers enacted **H.B. 3002, “State Fair Park Amendments” (2016 SS3)** providing \$10.0 million one-time from the General Fund in FY 2017 for a new rodeo arena at the Utah State Fair Park. Funding for the investment came from state agency budget allocations that went unspent in FY 2016. State money will be augmented by contributions

from local governments and private organizations for a total estimated project cost of \$17 million.

2016 Fourth Special Session

The Legislature passed **H.B. 4002, “Class B and Class C Road Fund Amendments” (2016 SS4)** to fix unintended consequences in the distribution of Class B and Class C (B&C) roads funds among local governments. To ease the transition, appropriators provided \$3.0 million from the General Fund and an additional \$2.0 million from the Transportation Fund. Another \$5.7 million in surplus revenue was appropriated from the Transportation Fund to B&C roads for normal distribution in FY 2017.

EMPLOYEE COMPENSATION

For FY 2018, legislators provided funding for increased employee compensation as follows:

State Agencies

- \$27.0 million from all sources, \$14.8 million GF/EF, for a 2 percent salary increase;
- \$18.5 million from all sources, \$9.9 million GF/EF, for health insurance cost increases;
- \$0.1 million from all sources, \$0.1 million GF/EF, for retirement rate increase for judges; and
- \$8.5 million from all sources, \$7.8 million GF/EF, for targeted compensation increases including certified staff compensation/career ladder adjustments at the Department of Corrections, salary and training needs at the Department of Alcoholic Beverage Control, and salary increases for certain job classifications deemed to have the highest need by the Department of Human Resource Management.

Higher Education

- \$23.5 million from all sources, \$18.2 million GF/EF, for the equivalent of a 2 percent salary increase; and
- \$12.1 million from all sources, \$9.3 million GF/EF, for health insurance cost increases.
- Higher Education increases include \$7.2 million from the General and Education Funds to enhance the state’s share of compensation costs and mitigate future tuition increases.

Public Education

The Legislature does not set pay amounts for school teachers or other school district and charter school employees. Local education agencies and their employees negotiate those compensation changes. As mentioned, legislators provided \$115.9 million for a four percent increase in the value of the Weighted Pupil Unit. That funding is for public education cost inflation generally – potentially including compensation.

APPROPRIATIONS LIMITATION

Utah’s appropriations limit was adopted in 1989. Its purpose is to provide a limitation on state government spending. The State Appropriations and Tax Limitation Act restricts non-exempt General Fund and Education Fund appropriations to a formula amount determined on a per-person basis. The limit changes as a certain measure of inflation and population estimates change. Certain appropriations – like those for education and infrastructure – are exempt from the limit. The limit is adjusted when a program moves from another level of government to the State or from the State to another level of government.

The following table shows the limits for FY 2017 and FY 2018 (FY 2018 numbers are preliminary).

	FY 2017	FY 2018
Appropriations Limit	\$3,566,544,000	\$3,737,409,000
Non-Exempt Appropriations	\$2,977,111,000	\$3,135,049,000
Difference ("Cap Gap")	\$589,433,000	\$602,360,000

RESERVE FUNDS

Under statutory deposit rules, the Division of Finance automatically deposits 25 percent of year-end General and Education Fund revenue surpluses, after certain other set-asides, into Utah’s reserve accounts. These transfers cease once fund balances reach thresholds of 9 percent of total General Fund appropriations for the General Fund Budget Reserve Account (otherwise known as the general rainy day fund) and 11 percent of total Education Fund

appropriations for the Education Fund Budget Reserve Account (the education rainy day fund).

A small FY 2016 General Fund revenue surplus increased the General Fund Budget Reserve Account by \$2.4 million, for a total account balance of \$143.6 million. This balance is a 1.7 percent increase from FY 2015 and represents 6.0 percent of FY 2017 General Fund appropriations. Of the total \$13.6 million FY 2016 General Fund revenue surplus, another \$8.8 million went to the Medicaid Budget Stabilization Account, \$0.8 million to the Wildland Fire Suppression Fund, \$0.7 million to the Disaster Recovery Account, \$0.1 million to the Local Government Emergency Response Loan Fund, and \$0.8 million to the Industrial Assistance Fund.

Figure 6 – Rainy Day Fund Status

The Education Fund had no surplus at the end of FY 2016, thus no deposits were made to the Education Fund Budget Reserve Account. Account balances remain at \$349.5 million or 8.7 percent of FY 2017 Education Fund appropriations. Balances in the General and Education rainy day funds combined now total \$493.1 million, or 7.7 percent of total FY 2017 General and Education Fund appropriations.

STRUCTURAL BALANCE

Coming into the 2017 General Session, before accounting for growth in either costs or revenues, Utah had a structural surplus of \$12.8 million. Almost all this surplus was associated with S.B. 80, “Infrastructure Funding Amendments” (2016

General Session) which, over time, eliminates two transportation earmarks.

Legislators closed the 2017 General Session with a General and Education Fund structural deficit of \$6.1 million (0.1 percent of FY 2018 ongoing revenue projections). Most of this structural imbalance is associated with revenue bills that take effect in future budget years – FY 2019 and later – as detailed above. More than half of the deficit was offset by pre-paying \$3.4 million in future General and Education Fund employee health care costs under **H.C.R. 13, “Concurrent Resolution for Public Employees’ Benefit and Insurance Program.”**

DEBT

The State paid down general obligation principal of \$324.9 million in FY 2017, and under the current debt schedule it will pay down another \$271.5 million in FY 2018.

The Legislature passed two bills that authorized issuance of new general obligation debt and one bill that authorized issuance of revenue bonds. Debt service for the bonds will be determined by the timing and terms of the bond issuances.

- **S.B. 277, “Highway General Obligation Bonds Authorization,”** which authorized issuance of up to \$1.05 billion in bonds over five years;
- **H.B. 460, “Capitol Development Projects Bonding Amendments,”** which authorized issuance of an additional \$100.0 million in general obligation bonds for the new state prison; and
- **S.B. 9, “Revenue Bond and Capital Facilities Amendments,”** which authorized issuance of up to \$229,853,600 in bonds for the construction of liquor stores in southwest Salt Lake County and Farmington, the Medical Education & Discovery/Rehabilitation Hospital at the University of Utah, and the Human Performance Center at Dixie State University, and for expansion of the Guest House at the University of Utah and facilities at Legend Solar Stadium at Dixie State University.

End Notes to Table 19:

1. FY 2010 General Fund revenues declined due to economic forces, particularly a decline in taxable sales. In FY 2011 taxable sales rebounded and H.B. 196 (2010 G.S.) increased tobacco tax revenue by an estimated \$43 million.
2. In FY 2011 the Legislature stopped transferring income tax collections from the Education Fund to the Uniform School Fund before appropriating it for expenditure.
3. FY 2017 Transportation Fund revenue increases available for appropriation resulted from fuel tax increases in H.B. 362 (2015 G.S.)
4. Federal funds in FY 2010 increased as a result of growing demand for Medicaid and Food Stamps.
5. The Department of Health's FY 2011 budget received increases from federal ARRA funds, other federal funds, and the Hospital Assessment Special Revenue Fund.
6. The Department of Workforce Services received FY 2011 appropriation increases entirely from federal ARRA funds to pay for assistance programs, mostly to the Unemployment Compensation Fund.
7. The Department of Workforce Services' FY 2016 Actual amount declined due to a reduction in spending from expendable funds, including the Permanent Community Impact Fund and Olene Walker Housing Loan Fund.
8. House Bill 325 (2016 G.S.) moved the State Office of Rehabilitation from the State Board of Education to the Department of Workforce Services in FY 2017.
9. The Minimum School Program's FY 2011 appropriation included federal education-jobs stimulus funding and a \$50 million decrease in Education Fund revenues.

Guide to Tables

Each chapter of this report represents an appropriations subcommittee of the Legislature. Within each chapter, you will find a narrative summary of budget actions taken by the Legislature and a series of tables. These tables are organized as follows:

Performance

The Performance Measure Table includes a summary of all performance metrics approved by the Legislature and included in an appropriations act (most commonly the base budget bill). The table for each subcommittee provides the **Performance Measure Name and Target**, as well as, the **Bill and Item** number where the full performance measure language can be found.

Executive Appropriations Committee Performance Measure Table

	On-target revenue estimates (accuracy 4 months out)	98%	H.B. 7	9

Subcommittee Tables

The first set of budget tables details the budget at the subcommittee level. All agencies under the authority of the subcommittee are summed together. The tables show **Sources of Finance**, **Recipient Entities (Agencies)**, and other **Input Measures** such as number of vehicles and employees. The tables show budget data for two fiscal years, namely, the current year and the budget year. The first table in the series, details the “Operating & Capital” budget for the respective agencies and includes Expendable Funds and Accounts. Subsequent tables may detail Internal Service Funds, Restricted Fund and Account Transfers, Business Like Activities, Fiduciary Funds, and Transfers to Unrestricted Funds.

A & B Tables

The final series of tables (A1, A2, A3, B1, and B2) detail how the Legislature funded agency line item budgets through specific bills during the general session.

A1 & B1 – Summary of Appropriation Bills

These tables show what bills (identified in the column headings) contributed to agency line item budgets in each appropriations subcommittee. The A1 table shows the budget year (FY 2018) and the B1 table shows the current year (FY 2017 Supplemental) appropriations. The table provides the amounts appropriated for each *Agency Line Item* and each *Appropriations Act*.

This table details the items funded in the statewide agency and higher education compensation bill (House Bill 8, 2017 General Session). SUBCOMMITTEE OVERVIEW

The Higher Education (HED) Appropriations Subcommittee reviews and approves budgets for public, post-secondary education institutions in the State. Total appropriations for agencies within this subcommittee increased 3.4 percent from FY 2017 Revised to FY 2018 Appropriated. Looking at State tax funds (General Fund and Education Fund), Higher Education’s budget increased 5.7 percent from FY 2017 Revised to FY 2018 Appropriated.

UTAH SYSTEM OF HIGHER EDUCATION

The Utah System of Higher Education (USHE) includes the eight credit-granting colleges and universities and the Utah System of Technical Colleges (USTC), a non-credit granting institution that provides career and technical education at eight different locations statewide. Instructional and related expenses comprise the majority of the expenditures for USHE.

During the 2017 General Session, legislators approved the following major funding initiatives:

- \$3.5 million for enrollment growth at the University of Utah, Southern Utah University, Utah Valley University, Dixie State University, and Snow College;
- \$4.0 million increase for the Engineering Initiative, which will be allocated to the USHE institutions by the Technology Initiative Advisory Board, in accordance with code and intent language;

- \$3.1 million for Student Athlete Graduation Improvement at Southern Utah University, Utah Valley University, Dixie State University, Snow College, and Salt Lake Community College;
- \$8.0 million for the Regents’ Scholarship; and
- \$2.0 million for the Strategic Workforce Initiative. The 2016 Legislature approved \$1.5 million for the initial installment of stackable credential proposals. The 2017 Legislature approved proposals for funding in both FY 2017 and FY 2018. These include:

FY 2017:

- Automation (WSU, BATC, DATC, and OWATC) -- \$285,000 ongoing and \$25,000 one-time;
- IT STEM Academy (USU; BATC; and Cache, Logan, and Rich School Districts) -- \$250,000;

- Computer Science Pathway (WSU; Davis, Morgan, Weber, and Ogden School Districts; and NUAMES) -- \$285,000;
- Life Sciences for Southeast Utah (USU – Southeast CEC, Grand School District, and Beacon After-school Program) -- \$113,000; and

- Uncommitted (State Board of Regents) -- \$1,355,300 ongoing and (\$591,200) one-time.

In addition to the above-mentioned system-wide initiatives, there are several institution-specific appropriations, as follows:

The Utah System of Technical Colleges has eight technical colleges located throughout the State to provide career and technical education. It strives to do so efficiently and effectively through collaborative partnerships between the educational systems, business, and industry. The colleges offer open-entry/open-exit, competency-based training for secondary and post-secondary students.

The Legislature appropriated \$3.0 million for market demand programs. Each technical college has different needs for its service region, but most

colleges will expand existing programs or create new programs with this appropriation.

The Legislature allocated the following amounts to each technical college:

- Bridgerland -- \$383,300;
- Davis -- \$507,700;
- Dixie -- \$422,600;
- Mountainland -- \$523,100;
- Ogden-Weber -- \$531,900;
- Southwest -- \$187,500;
- Tooele -- \$183,800; and
- Uintah Basin -- \$260,100.

In addition to funding for market demand programs, the Legislature funded \$1.0 million ongoing and \$1.0 million one-time for equipment allocated in the following amounts to each technical college:

- Bridgerland -- \$165,400 ongoing and \$165,400 one-time;
- Davis -- \$193,800 ongoing and \$193,800 one-time;
- Dixie -- \$76,700 ongoing and \$76,700 one-time;
- Mountainland -- \$131,500 ongoing and \$131,500 one-time;

- Southwest -- \$68,900 ongoing and \$68,900 one-time;
- Tooele -- \$71,000 ongoing and \$71,000 one-time; and
- Uintah Basin -- \$111,900 ongoing and \$111,900 one-time.

Several years ago, the Legislature approved a new policy for State-funded buildings, where the ongoing Operations and Maintenance (O & M) appropriation for a new building was funded at the time the building was approved. The ongoing funding is offset with one-time reductions until the building is completed and ready for occupancy. For FY 2018, the Legislature approved four new facilities - a new Medical Education and Discovery building at the University of Utah, a renovation of Weber State University's Social Science Building, a new Human

Performance Center at Dixie State University, and a new welding technology building for the Uintah Basin Technical College (see Infrastructure and General Government chapter). The O & M associated with these five buildings includes:

- UU – Medical Education & Discovery -- \$473,400;
- WSU – Social Science Building Renovation -- \$432,200;
- DSU – Human Performance Center -- \$595,000; and
- UBTC – Welding Technology Building -- \$97,300.

The approved one-time O & M reductions for previously-approved buildings that are still in the construction phase total \$5,390,100 in FY 2018.

- U of U Crocker Science -- \$226,300;
- U of U Orson Spencer Hall -- \$1,049,500;
- USU Clinical Services Building -- \$264,300;
- USU Biological Sciences Building -- \$1,199,500;
- SUU Business Building -- \$349,000;
- UVU – Performing Arts Building -- \$1,168,000;
- Snow College Science Building -- \$25,600;
- SLCC CTE Center -- \$719,500;
- Dixie TC Main Campus -- \$374,400; and
- OWTC Business Depot -- \$14,000.

The 2017 Legislature approved the following bills:

S.B. 117, “Higher Education Performance Funding,” provides a funding source for this initiative beginning in FY 2019, based on the estimated revenue growth from targeted jobs. In FY 2019, 14 percent of this growth, and in FY 2020 and beyond, 20 percent of this growth will be appropriated into the new restricted account. For FY 2018, the Legislature provided \$6.5 million one-time from the Education Fund.

S.B. 165, “Reimbursements for Public Safety Officers,” creates a program to provide tuition reimbursements for qualified public safety officers who are seeking a post-secondary degree in criminal justice. The bill appropriated \$200,000 to set up the fund from which reimbursements can be made.

S.B. 194, “Utah Data Research Center Act,” moves existing programs and funding for certain educational data to a new Data Research Center in the Department of Workforce Services. The bill moves \$310,000 from the University of Utah to the new Data Center.

S.B. 198, “Utah Communications Authority Amendments,” changes some of the provisions of providing 911 emergency service. The bill reduced state tax funds and dedicated credits to the following institutions: University of Utah (\$21,300), Weber State University (\$10,000), Dixie State University (\$2,200), and Salt Lake Community College (\$1,900).

S.B. 238, “Higher Education Governance Revisions,” renames the Utah College of Applied Technology the Utah System of Technical Colleges (USTC) and the applied technology colleges are renamed technical colleges. The bill removes the nonvoting members from the State Board of Regents and amends its powers and authority including the process by which the Board of Regents appoints a president of an institution of higher education. The nonvoting members from the Utah System of Technical Education Board of Trustees are removed. Individuals are now prohibited from serving simultaneously on the USTC Board of Trustees and a technical college board of directors. The bill amends requirements of the commissioner of technical education and requires coordination between state entities involved in education.

H.B. 24, “Student Prosperity Savings Program – Tax Amendments,” establishes the Student Prosperity Savings Program to allow community partners to identify a qualified, economically-disadvantaged student and donate funds to a 529 savings account on his or her behalf. The community partner is eligible for tax benefits for the donations. The Legislature appropriated \$10,000 ongoing and \$40,000 one-time to establish and operate the program.

The Legislature approved intent language requiring reporting on various performance measures for each line item in H.B. 1, Higher Education Base Budget.

*Higher Education Appropriations Subcommittee.
(S.B. 3, Item 197)*

In addition, the Legislature also approved the following intent language:

The Legislature intends that the University of Utah use \$467,000 appropriated by this item and Item 9, "Higher Education Base Budget", (House Bill 1, 2017 General Session) to provide demographic data and decision support to the Legislature as well as to the Governor's Office of Management and Budget and other state and local entities as funds allow. (S.B. 2, Item 94)

The Legislature intends that the \$2,000,000 General Fund, one-time appropriation made in Senate Bill 2, New Fiscal Year Supplemental Appropriations Act, Item 94, be used toward the Fiscal Year 2018 bond payment for phase 1 of the cancer clinical research hospital facility as authorized in 63B-10-301(4). (S.B. 3, Item 186)

The Legislature intends that Dixie State University use \$100,000 ongoing appropriated to Dixie State University Education and General in Senate Bill 2, New Fiscal Year Supplemental Appropriations Act, Item 108 and \$50,000 ongoing appropriated in this line item for Dixie State University to foster interest in, and develop a pipeline of students for science, technology, engineering, and math (STEM). (S.B. 3, Item 193)

The Legislature intends that the funds appropriated for the Engineering Initiative be allocated to institutions based on the increases in graduates from engineering, computer science, and technology degree programs since Fiscal Year 2014. The Legislature further intends that Engineering Initiative funds support undergraduate programs that meet workforce needs for the highest demand occupations. Recommendations for appropriation and follow up reporting on program success are to be reviewed by the Business, Economic Development, and Labor Appropriations Subcommittee and the

The Legislature appropriated an FY 2018 operating and capital budget of \$2.2 billion from all sources for the Subcommittee. This is approximately a one percent increase from the FY 2017 Revised budget. The total includes \$274.8 million from the General and Education Fund.

DEPARTMENT OF TRANSPORTATION

The Department of Transportation (DOT) builds and maintains highways. It passes funds for class B and C roads, mineral lease, and aeronautics to local governments. Its 12 line items are:

- Share the Road;
- Cooperative Agreements; and

- Transportation Investment Capacity Program.

The Legislature appropriated an FY 2018 operating and capital budget of \$1.6 billion from all sources for the department. This is approximately a 12 percent increase from the FY 2017 Revised budget.

The Legislature transferred Transportation Fund ongoing from the Construction Management line item to other DOT line items for the following purposes:

- Class 8 Snow Plow Truck Replacement -- \$6.0 million to purchase approximately 28 snow plow trucks annually thereby reducing the average age of the fleet from 11 years to 4.5 years and significantly reducing the cost to maintain the fleet;
- Right-of-Way Property Inventory -- \$300,000 to identify DOT’s properties and to develop a central database containing information about each parcel for GIS mapping;
- Right-of-Way Property Surplus Land Descriptions -- \$200,000 to purchase surveying, legal description and deed creation, and appraisals to prepare surplus properties for sale on the open market;
- Learning and Development -- \$200,000 to develop critical training programs focused on competency development, instructional design, and course development; and
- Performance Auditors -- \$120,000 to hire one FTE to work on audits prioritized by the Transportation Commission.

The Legislature approved several major changes regarding DOT’s structure and budget including the following:

- Merged the Equipment Management line item into the Operations/Maintenance Management line item thereby allowing the department to charge rental and usage rates for equipment and to move money between the regions and equipment management without violating the Budgetary Procedures Act;

- Created a line item for cooperative agreements thereby allowing the department to account and budget for agreements separately from the department's operational budget;
- Transferred \$102,000 ongoing in Transportation Fund from the Construction Management line item to the Operations/Maintenance Management line item to help fund maintenance activities on the highway system due to additions on state roads;
- Transferred \$46.7 million designated sales tax one-time in FY 2017 from the Construction Management line item to the Transportation Investment Fund of 2005, and appropriated \$49.0 million in Transportation Fund to the Construction Management line item one-time in FY 2017 and ongoing beginning in FY 2018 in accordance with S.B. 80, "Infrastructure Funding Amendments" (2016 General Session);
- Transferred a total of \$3.7 million in Transportation Fund and \$3.7 million in federal funds across line items and programs one-time in FY 2017 and ongoing beginning in FY 2018 to better match anticipated expenditures;
- Increased the federal funds authorization to the Construction Management and Engineering Services line items by \$127.0 million and \$5.0 million, respectively, one-time in FY 2017 and ongoing beginning in FY 2018 to better match expected federal revenue;
- Decreased appropriated amounts in the Mineral Lease line item by \$26.8 million one-time in FY 2017 and by \$23.7 million ongoing beginning in FY 2018 to better match anticipated federal revenue; and
- Appropriated \$58.9 million ongoing in Transportation Fund to the Construction Management line item and \$25.3 million ongoing in Transportation Fund to the B and C Roads line item in accordance with the consensus forecast for fuel tax revenue growth of \$84.2 million.

The Legislature passed H.B. 4002, "Class B and Class C Road Fund Amendments" (2016 Fourth Special Session), which appropriated \$5,678,000

one-time from the Transportation Fund in FY 2017 to the department to pass through to local governmental entities for class B and class C roads funding, and appropriated \$3.0 million one-time in General Fund and \$2.0 million one-time in Transportation Fund to the department in FY 2017 to pass through to hold harmless local governmental entities for additional support for class B and class C roads. This funding is included in the FY 2017 Supplemental appropriation column of the following tables.

The Legislature passed **S.B. 41, "State Highway System Amendments,"** which added approximately 21.3 miles to the state's highway system. The Legislature appropriated \$84,000 ongoing in Transportation Fund to the Operations/Maintenance Management line item for maintenance of the additional miles.

The Legislature passed **S.B. 276, "Transportation Funding Modifications,"** which altered the calculation for determining the motor and special fuel tax rate and adjusted earmarks of revenues from the tax beginning in FY 2019. Analysts estimated that the tax rate will increase from FY 2019 through FY 2033 and that during that period cumulative revenue will increase by \$1.7 billion over what is currently expected.

The Legislature passed **S.B. 277, "Highway General Obligation Bonds Authorization."** The bill authorized the Transportation Commission to issue general obligation bonds of up to \$1.0 billion (plus costs of issuance) for state highway construction or reconstruction projects with \$100.0 million of the proceeds to be used for projects that have a significant economic development impact associated with recreation and tourism within the state and address significant needs for congestion mitigation, and \$19.0 million of the proceeds to be provided to the Transportation Infrastructure Loan Fund to make \$10.0 million available to the military installation development authority, to provide \$5.0 million for acquisition and construction in Davis County, and to provide \$4.0 million for pedestrian access and

crossings by a public transit fixed guideway rail station and an institution of higher education. The bill also authorized the commission to issue general obligation bonds of up to \$47.0 million (plus costs of issuance) to provide funding for state and local highway projects in Salt Lake County.

The Legislature included the following intent language for DOT:

The Legislature intends that upon the completion of the FY 2017 winter maintenance, unused funds in the Operations/Maintenance Management line item may be used by the Department of Transportation to meet unmet equipment needs. (S.B. 2, Item 27)

There is appropriated to the Department of Transportation from the Transportation Fund, not otherwise appropriated, a sum sufficient but not more than the surplus of the Transportation Fund, to be used by the department for the construction, rehabilitation and preservation of State highways in Utah. The Legislature intends that the appropriation fund first, a maximum participation with the federal government for the construction of federally designated highways, as provided by law, and last the construction of State highways, as funding permits. devices. The appropriated funds are to be used according to the criteria set forth in Section 72-8-104, Utah Code Annotated, 1953. The funds appropriated for sidewalk construction shall not lapse. If local governments cannot use their allocation of Sidewalk Safety Funds in two years, these funds will be available for other governmental entities which are prepared to use the resources. The Legislature intends that local participation in the Sidewalk Construction Program be on a 75% state and 25% local match basis. (S.B. 2, Item 32)

The Legislature intends that the funds appropriated from the Federal Mineral Lease Account shall be used for improvement or reconstruction of highways that have been heavily impacted by energy development. The Legislature further intends that if private industries engaged in developing the State's natural resources are willing to participate in the cost of the construction of highways leading to their facilities, that local governments consider that highway as a higher priority as they prioritize the use of Mineral Lease Funds received through 59-21-1(4)(C)(i). The funds appropriated for improvement or reconstruction of energy impacted highways are nonlapsing. (S.B. 2, Item 33)

There is appropriated to the Department of Transportation from the Transportation Investment Fund of 2005, not otherwise appropriated, a sum sufficient, but not more than the surplus of the Transportation Investment Fund of 2005, to be used by the department for the construction, rehabilitation, and preservation of State and Federal highways in Utah. SUBCOMMITTEE OVERVIEW

The Natural Resources, Agriculture, and Environmental Quality Appropriations Subcommittee considers and discusses budgetary issues related to Utah's natural resources, agriculture, and environment. These budget issues often provide the framework for policy decisions for best use and preservation of air, land, and water in Utah.

The Subcommittee reviews and approves the budgets for the following agencies:

- Department of Natural Resources (DNR);
- Department of Environmental Quality (DEQ);
- Department of Agriculture and Food (DAF);
- School and Institutional Trust Lands Administration (SITLA);
- Public Lands Policy Coordinating Office (PLPCO); and
- Office of Energy Development (OED).

Major budgetary considerations of the Subcommittee during the 2017 General Session included: public lands, air quality, catastrophic fire prevention, and endangered species.

NATURAL RESOURCES

The Department of Natural Resources (DNR) serves as an umbrella organization, bringing together several entities of state government that affect the State's natural resources.

DNR Administration

The DNR Administration line item develops, implements, and coordinates the management of Utah's natural resources. The functions within this line item include: Executive Director's Office, Finance, Auditing, Public Affairs, Law Enforcement, and Lake Commissions.

The Legislature approved the following intent language for DNR Administration:

The Legislature intends that the Department of Natural Resources work with the Office of the Legislative Fiscal Analyst to identify ways to consolidate with the goal to better optimize the resources of its public relations operations, and report to the Natural Resources, Agriculture, and Environmental Quality Appropriations Subcommittee by November 30, 2017. (S.B. 2, Item 127)

The Legislature intends that the Department of Natural Resources transfer \$50,000 to the Bear Lake Commission to be expended only as a one-to-one match with funds from the State of Idaho. (S.B. 2, Item 127)

DNR Pass Through

The Legislature created the DNR Pass Through line item to better track funding intended to be passed on to outside entities.

The items funded by the Legislature include:

- Avian Sanctuary and Protection -- \$30,000 one-time for operations for the Avian Sanctuary and Protection Corporation;
- Carbon Canal Diversion Reconstruction -- \$250,000 one-time for Carbon Canal Diversion Reconstruction - Flood Control;
- Carbon Canal Liner -- \$343,000 one-time to line a water canal above the Holiday Inn in Price, Utah;
- Gordon Creek Stream Bank Alteration Unused Funding -- (\$90,000) one-time funding left over from a prior-year project;
- Pass-Through to Zoos -- (\$100,000) reduction of funding for zoos;

- Price River Dredging -- \$20,000 one-time to remove sediment from Price River;
- Natural Resources Pass-through Account for Continuation of Contract -- \$1.5 million one-time to continue the contract for support on sage grouse, wolves, other endangered species, monument designations and other items identified by the state; and
- Wellington City Water Damage Cleanup -- \$150,300 one-time to assist the city with September 2016 flooding.

The Legislature approved the following intent language for DNR Pass Through:

The Legislature intends that the Department of Natural Resources use the appropriation to satisfy any outstanding obligations on the existing sage grouse contract. Any funds not required for the existing contract shall be used, at the discretion of the department and consistent with state procurement requirements, for any renewal or extension of services relating to the sage grouse, and for the issues of wolves, wild horses, and other public lands issues. The Legislature also intends that the department obtain a financial report of the expenditures of the sage grouse contractor and make that report available to the Executive Appropriations Committee. (S.B. 3, Item 204)

Building Operations

The Department of Natural Resources building at 1594 West North Temple was completed in FY 1996. Prior to FY 1996, the divisions were housed in four locations. The natural resources building was financed through a revenue bond, with bond payments roughly equal to the old rent payments. Approximately \$980,000 of this line item's \$1,788,800 budget goes to bond payments. The Legislature took no significant budget action for this line item.

Species Protection

The purpose of the Species Protection line item is to prevent any plant or animal species from being added to the Endangered Species List, and to pursue

actions that will allow the delisting of threatened or endangered species in Utah.

Items funded by the Legislature include:

- Carp Removal -- \$400,000 one-time in restricted funds to remove carp from Utah Lake; and
- Federal Deficit to Virgin River Program -- \$100,000 one-time from the General Fund.

Watershed

Since 2005, DNR has been working on improving Utah's watershed. Through its Watershed program, the department partners with other state, federal, and private organizations to accomplish its goals.

Items funded by the Legislature include:

- State Watershed Initiative Match -- \$2.0 million one-time to be used as a match for federal funding for watershed projects.

Forestry, Fire, and State Lands

The Division of Forestry, Fire and State Lands (FFSL) manages Utah's sovereign lands and provides forestry conservation and fire control activities on non-federal forest, range, and watershed lands. Although there are no state forests, approximately 30 percent of Utah is non-federal land, leaving a sizeable area on which the division administers the State's forestry laws.

The items funded by the Legislature (from restricted funds) include:

- Catastrophic Wildfire Reduction Strategy Implementation -- \$1.0 million one-time for implementation of the state catastrophic fire prevention plan;
- Interagency Fire Dispatch Center -- \$2.2 million one-time (FY 2017 supplemental) to design and build an Interagency Fire Dispatch Center in Richfield;
- Sovereign Lands Management and Planning -- \$1.2 million one-time and \$50,000 ongoing for: 1) Removal of navigational hazards: \$250,000; 2) Phragmites Treatment and Research at the Great Salt Lake: \$500,000; 3) Comprehensive Management and Mineral Leasing Plan for the

Green and Colorado Rivers: \$400,000; and 4) Bear River Public Access: \$50,000. The ongoing funding will be used to increase the law enforcement presence at Utah Lake by partnering with the Utah County Sheriff's Office; and

- Fire Policy Compliance -- \$30,000 one-time and \$199,900 ongoing. The ongoing funding is to provide full-time wardens for each county, as required by S.B. 122, "Wildland Fire Policy Updates" (2016 General Session). While most counties already have full-time wardens, there is one county (Salt Lake) that does not have a warden and a few counties that only have part-time wardens. The one-time funding is to purchase a vehicle for the new Salt Lake County warden.

The Legislature approved the following intent language for FFSL:

The Legislature intends that all entities occupying the DNR Cedar City Office Complex and the DNR Richfield Office Complex pay annually their proportionate share of leased space based on the construction costs amortized over a 30-year period and deposit the funds into the Sovereign Lands Management Account. (S.B. 2, Item 131)

The Legislature intends that the Division of Forestry, Fire, and State Lands purchase one new vehicle. (S.B. 2, Item 131)

The Legislature intends that the \$2.2 million appropriation from the Sovereign Lands Management Restricted Account to the Division of Forestry, Fire, and State Lands not lapse at the close of Fiscal Year 2017. The Legislature intends that the division use the appropriation to engage the Division of Facilities Construction and Management to design and build an Interagency Fire Dispatch Center in Richfield. The Legislature further intends the return of funds to the Sovereign Lands Management Restricted Account be accomplished by entities occupying the Interagency Fire Dispatch Center paying their proportionate share of leased space

based on the construction cost amortized over a 25-year period. (S.B. 3, Item 29)

Oil, Gas and Mining

The Division of Oil, Gas and Mining (OGM) regulates exploration for and development of Utah's oil, gas, coal, and other mineral resources. When exploration and developmental activities are completed, the division ensures that oil and gas wells are properly abandoned and mining sites are satisfactorily reclaimed. OGM also accounts for and protects the rights of all surface property and mineral owners in oil and gas operations. Staff inspects each well site to assure that proper conservation practices are followed and that minimum ecological damage results from the location, operation, and reclamation of each site.

Items funded by the Legislature include:

- No Travel Increase for Oil, Gas, and Mining -- (\$63,500) one-time limiting the division's travel expenses to the FY 2016 level.

Wildlife Resources

The Division of Wildlife Resources (DWR) manages all fish and wildlife species, regulates hunting, fishing and trapping. The division employs staff in regional offices in Ogden, Springville, Vernal, Price, Cedar City, and Salt Lake City.

Items funded by the Legislature include:

- Public Hunting Access -- \$1.0 million in increased payments to SITLA for public access to school and institutional trust lands;
- **S.B. 245, "Second Amendment Special License Plates"** -- \$25,000 from the Support for State-owned Shooting Ranges Restricted Account from a \$25 annual fee for special group license plates;
- Wild Horses and Burros Management -- \$500,000 to reduce the wild horse and burro population to the federal Bureau of Land Management's (BLM) designated appropriate management level of 1956; and
- Wildlife Emergency Feeding -- \$800,000 one-time from the Wildlife Resources Restricted

Account (FY 2017 supplemental) due to the extreme cold temperatures and elevated snow packs.

The Legislature approved the following intent language for Wildlife Resources:

The Legislature intends that up to \$180,000 be spent on livestock damage. \$90,000 will be from the General Fund and up to \$90,000 will be from the General Fund Restricted - Wildlife Resources account. The Legislature also intends that this appropriation shall not lapse at the close of FY 2017. (H.B. 3, Item 105)

The Legislature intends that up to \$900,000 of Wildlife Resources budget may be used for big game depredation expenses in FY 2017. The Legislature further intends that up to \$550,000 of these funds be from the General Fund Restricted - Wildlife Resources account and up to \$350,000 from the General Fund. The Legislature also intends that this appropriation shall not lapse at the close of FY 2017. (H.B. 3, Item 105)

The Legislature intends that up to \$700,000 of Wildlife Resources budget may be used for big game depredation expenses in FY 2018. The Legislature further intends that half of these funds be from the General Fund Restricted - Wildlife Resources account and the other half from the General Fund. (H.B. 3, Item 105)

Wildlife Resources Capital

The Wildlife Resources Capital line item funds large structural projects or habitat improvements, including projects such as fish hatchery reconstruction, shooting centers, or related structures. Currently there is only one active program in this line item: the Fisheries Program. The Legislature took no significant budget action for this line item.

Contributed Research

Funding for the Contributed Research line item comes from a variety of sources, including the

proceeds from the sale of hunting conservation permits, the Help Stop Poaching program, and donations by businesses, cities, and non-profit organizations. The primary use of these funds is for habitat projects, transplants, specific research, and other efforts directed to help wildlife. The Legislature took no significant budget action for this line item.

Cooperative Agreements

This line item accounts for studies done in cooperation with federal agencies, local government agencies, or other entities. The agencies supply the funding and DWR provides field teams to conduct the studies. Therefore, the number of employees can fluctuate depending on the number of projects. The Legislature took no significant budget action for this line item.

Parks and Recreation

Currently Utah has 43 state parks that are a combination of heritage, scenic, and recreation parks managed by the Division of Parks and Recreation.

Items funded by the Legislature include:

- **H.B. 394, "Native American Remains Repatriation"** -- \$10,000 one-time from the State Park Fees Restricted Account to conduct studies on where to reserve proper burial land in each State Park; and
- State Agency O&M Backout – (\$20,000) one-time (FY 2017 supplemental) and (\$3,300) one-time in FY 2018 from the General Fund due to delayed campground construction and postponed need for operations and maintenance for that facility.

The Legislature approved the following intent language for Parks and Recreation:

The Legislature intends that the \$50,000 appropriation increase for This Is the Place Heritage Park be transferred to the park only after the park has received matching funds of at least \$50,000 from

Salt Lake City and at least \$50,000 from Salt Lake County. (S.B. 2, Item 134)

The Legislature intends that the Division of Parks and Recreation continue to build out and upgrade its heavily used state parks and to provide for more recreational opportunities, as well as to explore options for expanding the state parks in areas where parks are consistently sold out. (S.B. 2, Item 134)

Parks and Recreation Capital

This line item accounts for the appropriations and expenditures for park capital facilities. The Legislature took no significant budget action for this line item.

Utah Geological Survey

The Utah Geological Survey (UGS) provides timely, scientific information about Utah's geologic environment, resources, and hazards. UGS is organized into two areas: Support and Technical programs.

Items funded by the Legislature include:

- Land Exchange Distribution Restricted Account -- \$25,000 one-time (FY 2017 supplemental) and \$25,000 ongoing from the restricted account due to anticipated increased revenues;
- Federal Grants -- \$252,000 one-time (FY 2017 supplemental) and \$183,400 ongoing in Federal Funds; and
- No Travel Increase, Utah Geological Survey -- (\$83,300) one-time limiting the division's travel expenses to the FY 2016 level.

Water Resources

The Division of Water Resources is the water resource authority for the State, assuring the orderly planning, development and protection of Utah's water. It does this task through conservation, planning, participation in interstate streams negotiations, and financial assistance programs.

Items funded by the Legislature include:

- Lower Elevation Reservoir Study / Phase IV -- \$100,000 one-time to continue the study;

- Rebate Program for Water Reduction Devices -- \$750,000 for rebates that are matched by the Water Conservation Districts to incentivize water users to purchase "smart" watering control systems;
- Smart Sprinklers Rebates -- \$700,000 one-time from the C & D Fund to be used to partner with local water entities to provide for one-half of the cost of water conservation grants;
- State Facilities Water Efficiencies -- \$500,000 one-time from the C & D Fund to improve water efficiency at state facilities by developing and assisting agencies with water conservation information, guidelines, procedures, and on-the-ground improvements;
- Federal Grants -- \$1.1 million one-time in federal funds; and
- Water Conservation Advertising -- \$300,000 one-time from the C & D Fund to: 1) Expand both traditional and non-traditional advertising, 2) Increase the number of community partnerships, 3) Increase radio advertising, 4) Redesign the Slow the Flow website, and 5) Create and broaden the social media campaign.

Water Rights

Directed by the State Engineer, the Division of Water Rights is responsible for the administration and management of the State's water resources. The division's primary workload is the processing of water right applications while managing the existing water rights' records, regulating the diversion and use of water, and preparing proposed determinations for water right adjudications. It also oversees dam safety, stream channel alterations, and water-well drilling.

Items funded by the Legislature include:

- Canal Safety Mapping -- \$100,000 one-time to complete the mapping of the canal system in Utah;
- **S.B. 113, "Natural Resources Modifications"** -- \$1,895,600 ongoing and (\$168,100) one-time in dedicated credits for shifting the revenues from the sales tax earmark from the Water Resources

Revolving Fund to the Division of Water Rights; and

- Water Rights Adjudication – Growth in Earmark -- \$100,000 one-time in dedicated credits to expedite the adjudication process.

The Legislature approved the following intent language for Water Rights:

The Legislature intends that the Division of Water Rights reports on the accuracy of the water-use data to the Natural Resources, Agriculture, and Environmental Quality Appropriations Subcommittee by November 30, 2017. (S.B. 2, Item 137)

The Legislature intends that the \$100,000 one-time appropriation for Canal Safety Mapping be used for the completion of the canal mapping in Utah by 2019 and the funding not lapse at the end of FY 2018. The Legislature further intends that the Division of Water Rights report to the Natural Resources, Agriculture, and Environmental Interim Committee by October 30, 2018. (S.B. 2, Item 137)

AGRICULTURE

The Department of Agriculture and Food (DAF) is responsible for the administration of Utah's agricultural laws, which mandate a wide variety of activities including inspection, regulation, information, rulemaking, loan issuance, marketing and development, pest and disease control, improving the economic position of agriculture, and consumer protection. Though not a part of the department, the Utah State Fair Corporation has been included as a line item in DAF's budget since FY 2003.

Administration

The Administration line item contains the following programs: General Administration, Chemistry Laboratory, Horse Racing Commission, and Sheep Promotion.

Items funded by the Legislature include:

- **H.B. 58, "Direct Food Sales Amendments"** -- \$22,300 one-time for drafting new rules;

- **H.B. 121, "Local Food Advisory Council"** -- \$22,800 for council members; and
- Reallocations --
 - General Fund: \$300,000 one-time (FY 2017 supplemental) and \$300,000 ongoing;
 - Dedicated Credits: (\$300,000) one-time (FY 2017 supplemental) and (\$300,000) ongoing;
 - Beginning Nonlapsing: \$213,600 one-time (FY 2017 supplemental).

Animal Health

The main focus of the programs in the Animal Health line item is prevention and control of animal disease and theft. The four programs in this line item are: Animal Health, Meat Inspection, Brand Inspection, and Auction Market Veterinarians.

Items funded by the Legislature include:

- Domestic Elk Hunting Permit -- \$39,800 from the Livestock Brand Restricted Account due to revenues from a new fee to be used for the State's domestic elk farms and hunting parks;
- Certificate of Veterinary Inspection Books (CVIs) -- \$20,000 in dedicated credits to cover the cost of manually entering the veterinarians' livestock information records into the system; and
- Reallocations --

Plant Industry

The main purpose of the programs in the Plant Industry line item is to ensure disease and pest free plants, grains, seeds, as well as properly labeled agricultural commodities, and safe application of pesticides and farm chemicals. The staff also assists farmers and ranchers to protect and improve Utah's natural resources.

Items funded by the Legislature include:

- Federal Grants -- \$870,000 from federal funds; and

Marketing and Development

The main emphasis of the Marketing and Development program is to help expand markets and add value to locally-produced agricultural commodities. Part of this program is Utah's Own, which was created to encourage consumers to look for and purchase Utah products.

Items funded by the Legislature include:

- Utah's Own -- \$75,000 from the General Fund and \$21,300 in dedicated credits for the Utah's Own program.

Predatory Animal Control

The objective of the Predatory Animal Control program is to minimize livestock and wildlife losses to predators on private, state, and federal land. This objective is met by using non-lethal and some lethal control methods. Every year Utah woolgrowers lose about 10 percent of their animals to predators. Cattle ranchers suffer losses to coyotes, mountain lions, bears, and other predators. Annual livestock losses to predators cost an estimated \$3.0 million even with the program in place. The Legislature took no significant budget action for this line item.

Resource Conservation

The Resource Conservation line item encompasses three programs: Resource Conservation Administration, Conservation Commission, and Conservation Districts (CD).

Items funded by the Legislature include:

- Conservation Commission Employees -- \$180,000 from the Agriculture Resource Development Loan (ARDL) Fund for the UACD (Utah Association of Conservation Districts) employee transfer; and
- Conservation Projects -- \$500,000 one-time from the ARDL Fund for resource conservation projects that would improve soil, air, or water quality in Utah.

Rangeland Improvement

The Rangeland Improvement line item accounts for the funding from the Rangeland Improvement restricted account, which provides the funding for the projects administered by the Grazing Improvement Program (GIP). The Legislature took no significant budget action for this line item.

Utah State Fair Corporation

The Utah State Fair Corporation runs the State Fair and other events on the fairgrounds year-round. The State Fair is an independent public nonprofit corporation. Subject to approval of the board of directors, the corporation may hold other exhibitions that, in its opinion, will best stimulate agricultural, industrial, artistic, and educational

pursuits and the sharing of talents among the people of Utah.

Items funded by the Legislature include:

- Utah State Fair Corporation Operations -- \$1,175,000 one-time.

Agriculture Loan Programs

The Loans line item administers the two revolving loan funds: the Agriculture Resource Development Fund and the Rural Rehabilitation Loan Fund. The Legislature took no significant budget action for this line item.

Invasive Species Mitigation

The purpose for this line item is to provide funding for projects that rehabilitate or treat areas infested with or threatened by invasive species. In addition, funding can be used for research projects related to invasive species. The Legislature took no significant budget action for this line item.

Agriculture Building Operations

The Agriculture Building is located at 350 North Redwood Road. The purpose of this program is to contract with the Division of Facilities Construction and Management (DFCM) for building maintenance. The Legislature took no significant budget action for this line item.

SCHOOL AND INSTITUTIONAL TRUST LANDS

The School and Institutional Trust Lands Administration (SITLA) was established as a quasi-governmental independent state agency to manage all school and institutional trust lands and associated assets.

SITLA has three line items: Operations, Capital, and Land Stewardship and Restoration.

SITLA Operations

This line item contains most of the funding for SITLA.

Items funded by the Legislature (from restricted funds) include:

- Federal Lands Exchange -- \$300,000 one-time;

- RS 2477 Analyst -- \$46,300 one-time; and
- SITLA Reallocation Between Line Items -- \$300,000 one-time and \$300,000 ongoing transfer from the SITLA Land Stewardship and Restoration line item to the SITLA Operations line item.

SITLA Capital

The purpose of this line item is to provide funding for development on trust land parcels. Examples of such development include Sienna Hills and Coral Canyon in Washington County, the Cedar City Golf Course in Iron County, and the Canyons in Summit County.

SITLA Land Stewardship and Restoration

The Land Stewardship and Restoration line item was created in the 2012 General Session for projects that would not be considered capital investments, such as fence repairs, road maintenance, erosion control, and hazardous material cleanup.

Items funded by the Legislature (from restricted funds) include:

- SITLA Reallocation Between Line Items -- (\$300,000) one-time and (\$300,000) ongoing transfer from this line item to the SITLA Operations line item; and
- Reduction of Base Budget in Stewardship -- (\$686,300).

DEPARTMENT OF ENVIRONMENTAL QUALITY

The mission of the Department of Environmental Quality (DEQ) is to safeguard public health and quality of life by protecting and improving environmental quality. DEQ also considers the benefits to public health, the impacts on economic development, property, wildlife, tourism, business, agriculture, forests, and other interests, and the costs to the public and to industry.

The department has one office and five divisions:

- Executive Director's Office (EDO);
- Air Quality (AQ);
- Emergency Response and Remediation (ERR);

- Water Quality (WQ);
- Drinking Water (DW); and
- Waste Management and Radiation Control (WMRC).

The Legislature appropriated an FY 2018 operating and capital budget of \$69,309,600 to the department.

The Legislature approved the following budget changes:

- EDO: Environmental Quality Executive Office Staff Reduction -- (\$82,000) one-time in savings from an unfilled vacancy in the Finance Section of the Executive Director's Office;
- EDO and WQ: Gold King Mine Federal Reimbursement 2017 General Session -- \$36,400 one-time from EDO federal funds and \$160,000 one-time from WQ federal funds to reimburse the department for past cleanup of the Gold King Mine spill;
- EDO and WMRC: Transfer from EDO to Subsidize Radioactive Waste Fee -- (\$117,200) one-time from the EDO's General Fund Budget for an old program that protected a high-level radiation disposal facility on the Goshute Indian Reservation and \$177,200 one-time to the WMRC nonlapsing balance to subsidize the yearly flat radioactive waste fee;
- AQ: Air Quality Monitoring Equipment -- \$150,000 ongoing and \$1.3 million one-time to purchase and maintain air quality monitoring equipment to meet Environmental Protection Agency monitoring standards throughout Utah;
- AQ: Air Quality Research Proposal -- \$200,000 one-time to fund a research project and purchase an infrared camera to examine faulty storage units and leaking gases in the Uinta Basin;
- AQ: Air Quality Personnel Savings -- (\$56,500) one-time in savings from delayed hiring of three air quality employees;
- ERR: Funding Correction for H.B. 138, "Underground Petroleum Storage Tank Amendments" (2014 General Session) --

\$595,000 from the Petroleum Storage Tank Cleanup Fund to correct a misappropriation for FY 2015 that was appropriated to the Petroleum Storage Tank Trust, instead of the Cleanup Fund;

- ERR and WMRC: Waste Isolation Pilot Plant Reallocation -- (\$162,600) in dedicated credits from ERR and \$162,600 in dedicated credits to WMRC to move the Waste Isolation Pilot Plant Program from ERR to WMRC;
- WQ: Spill Coordinator -- \$120,900 from the Utah Wastewater Loan Program to hire a new spill coordinator position to address spills, coordinate with local partners, track, pursue enforcement, and close out spill incidents; and
- Hazardous Substance Mitigation Fund -- \$400,000 from the Environmental Quality Restricted Account to cover the Superfund match requirement.

The Legislature passed the following bills that affect DEQ's funding and operations:

- AQ: **H.B. 392, "Air Quality Policy Advisory Board"** -- \$30,300 for personnel to staff the newly created Air Quality Policy Advisory Board;
- ERR: **S.B. 198, "Utah Communications Authority Amendments"** -- (\$300) from the General Fund, (\$1,700) from federal funds, (\$300) from dedicated credits, (\$700) from the Petroleum Storage Tank Trust, and (\$300) from GFR – Voluntary Cleanup in savings for an elimination of radio user fees; and
- WMRC: **H.B. 296, "Radioactive and Hazardous Waste Account Amendments"** -- (\$3,500) in savings to the Environmental Quality Restricted Account because DEQ's review of the Radioactive Waste Perpetual Care and Maintenance Account every five years is no longer required.

The Legislature approved the following intent language for the Department of Environmental Quality:

Notwithstanding the Radioactive Waste Disposal Annual fee in Senate Bill 8 under "Radioactive Waste Disposal (licenses specifically authorizing the receipt

of waste radioactive material from other persons for the purpose of commercial disposal by land by the licensee)" with an annual fee of \$2,099,200, the Legislature intends to reduce the Radioactive Waste Disposal Annual fee from \$2,099,200 to \$1,982,000 for Fiscal Year 2018 and that \$117,200 of the Fiscal Year 2017 nonlapsing balance from the Executive Director's Office be used to reimburse the Division of Waste Management and Radiation Control for the reduction in revenue from the fee. (S.B. 3, Item 216)

PUBLIC LANDS POLICY COORDINATING OFFICE

The Public Lands Policy Coordinating Office (PLPCO) coordinates the State's interests on public land issues. The office administers the state archaeological survey and excavation permitting system.

The Legislature appropriated an FY 2018 operating and capital budget of \$5,545,900 to PLPCO. In addition, there are separate line items under PLPCO for the Commission for the Stewardship of Public Lands (CSPL) and for Public Lands Litigation (PLL). The Legislature approved the following intent

language for the Public Lands Policy Coordinating Office:

The Legislature intends that the Public Lands Policy Coordinating Office utilize existing funds to acquire a Sports Utility Vehicle to be utilized by attorneys and support staff located in Southern Utah. (S.B. 2, Item 143)

The Legislature intends that the \$500,000 ongoing appropriation from the Constitutional Defense Restricted Account be used by the Public Lands Policy Coordinating Office to carry out its statutorily defined duties, and to disseminate information regarding and advance the transfer of certain public lands to the state in accordance with 63L-6-101 et. seq. through: (1) Education; (2) Negotiation; (3) Legislation; and (4) Litigation, as applicable. The Public Lands Policy Coordinating Office shall report on its activities related to the foregoing to the Natural Resources, Agriculture, and Environmental Quality Appropriations Subcommittee and the Natural Resources, Agriculture, and Environment Interim Committee by October 30, 2018. (S.B. 2, Item 143)

The Legislature intends that the appropriation of \$300,000 to the Constitutional Defense Restricted Account in Senate Bill 2, item 178 be used for settlement of disputed lands in Duchesne County. (S.B. 3, Item 222)

OFFICE OF ENERGY DEVELOPMENT

The Office of Energy Development (OED) helps develop Utah's energy resources through public and private partnerships. The office focuses on conventional energy, unconventional energy, energy efficiency, renewable energy, and energy infrastructure.

The Legislature appropriated an FY 2018 operating and capital budget of \$2,659,900 to the office.

SUBCOMMITTEE OVERVIEW

The Public Education (PED) Appropriations Subcommittee reviews and approves budget programs that support the operation of Utah’s public schools. Local Education Agencies (LEAs) oversee the direct operation and maintenance of the public schools and include 41 school districts and roughly 120 charter schools. The Subcommittee also examines funding for agencies that provide statewide administration and support for the public education system.

The total FY 2018 appropriation for public education is more than \$4.8 billion, an increase of \$175.6 million over the FY 2017 Revised appropriation. Of the total amount, approximately \$3.3 billion comes from the General, Education, and Uniform School Funds, representing an increase of \$190.8 million over the FY 2017 Revised appropriation.

In terms of percentage change, the FY 2018 appropriation is approximately 3.7 percent above the FY 2017 Revised appropriation. The FY 2018 state fund appropriation is about 6.2 percent above the FY 2017 Revised appropriation.

RESTRICTED STATE FUNDS

For several years, the Legislature has appropriated \$78.0 million from state revenue sources into two

restricted accounts, namely, the Education Fund Restricted - Minimum Basic Growth Account and the General Fund Restricted - School Readiness Account. The Minimum Basic Growth Account supports certain equalization programs as detailed in S.B. 97, “Property Tax Equalization Amendments” (2015 General Session). The School Readiness Account supports the education program created in H.B. 96, “Utah School Readiness Initiative” (2014 General Session).

These restricted state funds are not included in the “state fund” amounts above.

The Legislature created the General Fund Restricted – Employability to Careers Program Restricted Account during the 2017 General Session. The Legislature transferred \$1.0 million from the General Fund in the account to support the program created in **H.B. 240, “Employability to Careers Program.”** However, the \$1.0 million revenue transfer for the Employability to Careers Program is part of the Executive Offices and Criminal Justice budget.

The Governor’s Office of Management and Budget oversees both the School Readiness Initiative and the Employability to Careers Program. Expenditure details can be found in the Executive Offices and Criminal Justice section of this report.

DEMOGRAPHICS

- **Student Enrollment** -- Utah’s public schools enrolled 644,476 students in fall 2016 (FY 2017). Projections indicate that an additional 10,089 students will enroll in fall 2017 (FY 2018), for a total of 654,565. This represents an increase of 1.57 percent.
- **School Personnel**¹ -- In FY 2016, LEAs employed 60,383 full-time equivalent (FTE) employees in the following categories:
 - Classroom teachers – 28,274;

¹ FTE Data Source: 2015-16 Annual Report of the State Superintendent of Public Instruction, Utah State Board of Education.

- Instructional and student support coordinators, supervisors, guidance counselors, librarians/media specialists, etc. – 4,459;
- LEA and school-level administrators – 1,824; and
- District and school level unlicensed employees including administrators, support staff, paraprofessionals, aides, transportation personnel, food service, school nurses, etc. – 25,826.

These numbers do not include state-level FTEs, who are employed by the State Board of Education. State FTE counts can be found in the budget detail tables following this summary.

MINIMUM SCHOOL PROGRAM (MSP)

Categorical programs within the MSP determine the cost and provide for the equitable distribution of state revenues. As an equalization program, the MSP adjusts state funding for LEAs to partially balance differences in local property tax collections. As outlined in statute, LEAs receive state funding based on program qualification requirements.

The Weighted Pupil Unit (WPU) is the primary method used to determine program costs and distribute appropriated funding to LEAs. The WPU forms the foundation for each program in the Basic School Program. Generally, the WPU represents one pupil in Average Daily Membership (ADM). LEAs generate WPUs based on qualifications outlined in statute for each program. For example, students enrolled in kindergarten generate .55 of a WPU, whereas students enrolled in a Special Education program may generate more than one WPU.

The MSP is divided into three main programs with several categorical programs within each: (1) Basic School Program (WPU programs), (2) Related to Basic School Program, and (3) Voted & Board Local Levy Programs. In FY 2018, appropriations to the MSP exceed \$4.0 billion, of which approximately \$3.3 billion comes from State Education and Uniform School Fund revenue sources. The state fund total

also includes two restricted sources, the Uniform School Fund Restricted – Trust Distribution Account (formerly the Interest & Dividends Account) and the Education Fund Restricted – Minimum Basic Growth Account.

Approximately 80 percent of MSP revenue comes from state sources, with the other 20 percent – about \$813.8 million – generated through local school district property taxes.

Budget Changes

FY 2017 Supplemental and FY 2018 Appropriated funding levels for each categorical program in the MSP can be found in the table titled “Minimum School Program & School Building Program – Budget Detail Tables: 2017 General Session.”

Major funding and policy initiatives enacted by the Legislature during the 2017 General Session included:

- Enrollment Growth -- Provided a total of \$64.0 million ongoing in FY 2018 and \$4.0 million one-time in FY 2017 to increase funding in certain programs for impacts related to student enrollment growth. An additional \$30.6 million ongoing was included in the budget from increased local property tax revenues supporting the Basic School Program and Voted & Board Local Levy Programs. The State does not collect these local property tax revenues. But since they factor into state allocation formulas the revenue is included in the budget.

The following bullets detail enrollment growth changes in FY 2017 and FY 2018:

- Basic School Program -- \$43.8 million state and \$6.8 million local funds, to support the additional 15,871 WPUs estimated for enrollment growth in fall 2017 in the following programs:
 - Kindergarten -- (\$1,369,100) and (430) WPUs;
 - Grades 1-12 -- \$29.2 million in state funds, \$6.8 in local property tax revenue, and 11,299 WPUs;

- Professional Staff -- \$735,500 and 231 WPUs;
- Administrative Costs -- \$238,800 and 75 WPUs;
- Special Education – Add-on -- \$8.7 million and 2,736 WPUs;
- Special Education – Self-Contained -- \$12,700 and 4 WPUs;
- Special Education – Preschool -- \$1.7 million and 539 WPUs;
- Special Education – Extended School Year -- \$31,900 and 10 WPUs;
- Special Education – Impact Aid -- \$124,200 and 39 WPUs;
- Special Education – Intensive Services -- \$28,700 and 9 WPUs;
- Career & Technical Education Add-on -- \$1.4 million and 440 WPUs; and
- Class Size Reduction -- \$2.9 million and 919 WPUs.
- Related to Basic School Program -- \$19.9 million ongoing and \$4.0 million one-time Supplemental to support growth in the following programs:
 - Pupil Transportation -- \$1.2 million;
 - Concurrent Enrollment -- \$160,300;
 - Charter School Local Replacement -- \$13.1 million;
 - Charter School Administrative Costs -- \$361,900;
 - Educator Salary Adjustments -- \$4.0 million Supplemental and \$4.0 million ongoing in FY 2018;
 - Enhancement for At-Risk Students -- \$416,700;
 - Youth-in-Custody -- \$337,600;
 - Adult Education -- \$165,900; and
 - Enhancement for Accelerated Students -- \$74,800.
- Voted & Board Local Levy Programs -- \$373,900 (when changes in the Voted Local Levy and Board Local Levy are summed) in state funding and \$23.8 million in local property tax revenue to provide for increased costs associated with additional WPUs in the Basic School Program and the statutory increase in the State Guarantee Rate in FY 2018 as detailed below:
 - Voted Local Levy -- \$1.0 million in state funds and \$16.8 million in local property tax revenue; and
 - Board Local Levy -- (\$674,200) in state funds and \$7.0 million in local property tax revenue.
- Weighted Pupil Units -- Funded a total of 860,472 WPUs in FY 2018, an increase of 16,167 WPUs over FY 2017. This increase includes the 15,871 additional WPUs for enrollment growth and other changes explained in this section.
- WPU Value -- Provided \$115.5 million to increase the WPU Value by four percent. The WPU Value increased from \$3,184 in FY 2017 to \$3,311 in FY 2018. This increase includes the following program amounts:
 - Basic School Program -- \$109.2 million to provide a four percent increase for all WPU programs as follows:
 - Kindergarten -- \$3.4 million;
 - Grades 1-12 -- \$74.6 million;
 - Foreign Exchange -- \$41,600;
 - Necessarily Existent Small Schools -- \$1.2 million;
 - Professional Staff -- \$7.1 million;
 - Administrative Costs -- \$198,700;
 - Special Education - Add-on -- \$10.2 million;
 - Special Education - Self-Contained -- \$1.8 million;
 - Special Education - Preschool -- \$1.4 million;
 - Special Education - Extended Year Program -- \$55,700;
 - Special Education - Impact Aid -- \$261,000;
 - Special Education - Intensive Services -- \$51,600;
 - Special Education - Extended Year for Special Educators -- \$115,400;
 - Career & Technical Education Add-on -- \$3.6 million; and
 - Class Size Reduction -- \$5.2 million.

- Related to Basic School Program -- \$6.2 million to provide a three percent increase to the following programs:
 - Pupil Transportation -- \$3.2 million;
 - Enhancement for At-Risk Students -- \$1.1 million;
 - Youth-in-Custody -- \$873,600;
 - Adult Education -- \$429,200;
 - Concurrent Enrollment -- \$414,800; and
 - Enhancement for Accelerated Students -- \$193,600.
 - Basic Rate -- Estimated the Basic Property Tax Rate (Basic Levy) at 0.001596 in FY 2018, compared to 0.001675 in FY 2017. The rate is estimated to generate \$399.0 million in local property tax revenue to support the Basic School Program, an increase of \$6.8 million over FY 2017. The Utah State Tax Commission sets the final tax rate to generate the amount of funding appropriated by the Legislature. The tax rate decreases as the taxable value of property in the State increases because a lower rate will generate the target revenue amount. When the taxable value of property in the State decreases, the rate will increase to generate the target revenue amount.
 - Voted & Board Local Levy State Guarantee -- The appropriation for Enrollment Growth (above) includes funding to provide the state guarantee for additional qualifying WPUs and includes a statutory increase in the guarantee rate for FY 2018. The State Guarantee Rate increases from \$38.54 to \$39.68 per WPU for each 0.0001 tax rate levied by a qualifying school district.
 - Charter School Local Replacement -- Charter schools receive an amount for each enrolled student to replace local property tax revenue the school cannot collect. In FY 2017, the amount per student was \$2,001 and this will increase to \$2,180 in FY 2018. The cost to pay for this change is included in the Charter School Local Replacement amount under Enrollment Growth. The per-student amount changes each year depending on the local revenue collected in the school districts in a prior year. The FY 2018 amount is based on FY 2016 school district revenue collections.
 - Charter School Levy Account -- S.B. 38, "School Funding Amendments" (2016 General Session) created the Education Fund Restricted – Charter School Levy Account to hold certain property tax revenues generated in school districts to support the local replacement. Estimates indicate that this account may receive approximately \$22.1 million in FY 2018 to support the program.
 - MSP Administrative Costs -- The Legislature transferred funding from two categorical programs in the Minimum School Program to a line item created in FY 2017 in the State Board of Education budget to pay for certain program administration costs. The following amounts were transferred:
 - Special Education – Impact Aid -- \$220,000 and WPUs were reduced by 67 to provide up to two FTE employees to oversee state special education programs and execute state distribution formulas; and
 - Digital Teaching & Learning -- \$187,600 ongoing and \$780,000 one-time in FY 2017 to pay program administration and evaluation costs.
- Other adjustments included:
- Dual Language Immersion -- \$600,000 to expand the program to approximately 35 additional schools/classrooms and approximately 7,000 students;
 - School LAND Trust Program -- \$5.4 million from increased revenue in the USFR – Trust Distribution Account (formerly the Interest & Dividends Account), for a total appropriation of \$50.4 million;
 - Teacher Supplies & Materials -- \$5.0 million to reimburse classroom teachers for out-of-pocket expenditures on classroom supplies and materials;
 - Beverley Taylor Sorenson Elementary Arts Learning Program -- \$1.0 million to expand the

number of subject-area art specialists in participating elementary schools;

- Effective Teachers in High Poverty Schools -- \$250,000 appropriated in **H.B. 212, “Incentive for Effective Teachers in High Poverty Schools”** to provide a salary bonus to eligible teachers that meet criteria outlined in the bill; and
- Early Graduation from Competency-Based Education -- \$55,700 appropriated in **S.B. 34, “Competency-Based Education Funding”** to reimburse local education agencies that have competency-based education programs that meet certain requirements and have students that graduate early.

The Legislature included the following intent language and codified or un-codified statutory language governing certain MSP programs:

The Legislature intends that the Division of Finance transfer the fund balance in the Uniform School Fund Restricted – Teacher Salary Supplement Restricted Account to the Teacher Salary Supplement Program in the Minimum School Program – Related to Basic School Program when the fund is closed as provided in H.B. 35, Minimum School Program Amendments. (H.B. 2, Item 13)

The Legislature intends that the Division of Finance transfer the fund balance in the Interest and Dividends Account to the Trust Distribution Account on July 1, 2017, pursuant to the Laws of Utah 2016, Volume 1, Chapter 172. (H.B. 2, Item 13)

The Legislature outlined in un-codified statute a distribution mechanism for funds appropriated to reimburse teachers for out-of-pocket expenditures on classroom supplies. (H.B. 2, Section 5)

Legislators provided in codified statute direction to include in the annual enrollment growth and one-percent WPU Value increase estimates an amount to adjust funding for the Statewide Online Education

Program (SOEP) for increases in home and private-school students participating in the program and an increase in the WPU Value appropriated by the Legislature. This will impact estimates used during the 2018 General Session. (H.B. 2, Section 3)

SCHOOL BUILDING PROGRAM (SBP)

The SBP includes two programs: (1) Capital Outlay Foundation Program and (2) Capital Outlay Enrollment Growth Program. The programs assist qualifying school districts on a formula basis with the construction, renovation, or debt service of school facilities.

The program is funded with state funds from the Education Fund and the Education Fund Restricted – Minimum Basic Growth Account: FY 2018 appropriations total nearly \$33.3 million. Capital construction in the LEAs is primarily funded through local property tax revenues.

Office of the Legislative Fiscal Analyst

Date Modified: 3/23/2017
5/8/2017 14:42

Notes:

- The Legislature increased the Add-on WPU Value to match the Primary WPU Value beginning in FY 2017, returning to one WPU Value for all Basic School Programs. To accomplish this, funding was transferred from the Flexible Allocation Program to increase the WPU Value for the Special Education - Add-on program. The Legislature reduced the number of WPU's for the Career & Technical Education - Add-on program by 2,446 WPU's. All WPU's are now valued at \$3,184 in FY 2017.
- Funding from various categorical programs was transferred to a new line-item to pay administrative costs for the program at the State Board of Education. This allows the Minimum School Program to only represent direct allocations to local education agencies. Administrative costs will be accounted for at the State Board of Education where the services occur. Transfers were made from the following programs: Enhancement for At-Risk Students (\$304,800), Youth-in-Custody (\$419,500), Beverley Taylor Sorenson Arts (\$120,000), Critical Languages & Dual Immersion (\$209,400), Adult Education (\$206,100), Career & Technical Education (\$182,700), Special Education State Programs (\$220,000), and Digital Teaching & Learning (\$187,600) ongoing and (\$780,000) 1x in FY 2017. Adding these amounts to the total appropriation for each program listed above will provide the full cost of the program.
- The State Board of Education was given authority to use up to \$4.3 million in nonlapsing balances in FY 2017 to address student enrollment estimating errors and to begin development of a financial management system. (Senate Bill 2, 2016 GS) Balances in the following programs were used: Charter School Local Replacement (\$3,098,200), Charter School Administration (\$622,600), and Voted & Board Local Levy Programs (\$710,500). The \$4.3 million was placed in the Grades 1-12 program, as a result, when the number of WPU's is multiplied by the WPU Value less funding is required than appropriated.
- A total of \$10.0 million one-time was transferred to the Grades 1-12 program in FY 2017 to provide the State Board of Education flexibility to maintain program funding levels. Under 53A-17a-105, the Board can move funding to maintain the WPU Value, Charter School Local Replacement, and Voted & Board Guarantees.
- Funded from ongoing sources in FY 2018.
- Senate Bill 38, "School Funding Amendments" (2016 GS), changed the revenue sources included in the Charter School Local Replacement formula to include state funding appropriated to the Voted & Board Local Levy Guarantee and school district expenditures on recreation. These changes increased the cost of the formula by an estimated \$20.6 million in FY 2018. The FY 2017 cost is \$14.4 million, the remaining \$6.2 million will be in the FY 2018 base budget for the program. The bill also created the Education Fund Restricted - Charter School Levy Account which collects local property tax revenue that supports the program.
- The USFR-Interest & Dividends Account was closed and the funding transferred to the USFR-Trust Distribution Account.
- The Legislature transferred \$250,000 associated with the Centennial Scholarship Program from the Grades 1-12 Program below-the-line to better track program appropriations. Prior to FY 2017, costs associated with the scholarship program were paid from MSP nonlapsing balances.

SUBCOMMITTEE OVERVIEW

The Social Services Appropriations Subcommittee reviews and approves budgets for the following agencies:

- Department of Health;
- Department of Human Services; and
- Department of Workforce Services, which now includes the Utah State Office of Rehabilitation.

Total appropriations for agencies within this Subcommittee increased 5.7 percent from FY 2017 Revised to FY 2018 Appropriated. General and Education Fund appropriations for this Subcommittee increased 7.7 percent between the FY 2017 Revised budget and the FY 2018 Appropriated budget – largely due to Medicaid-related costs.

The Legislature approved the following intent language for the Social Services Subcommittee:

The Legislature intends that the Departments of Health, Human Services, and Workforce Services prepare proposed performance measures for all new funding of \$10,000 or more for building blocks and give this information to the Office of the Legislative Fiscal Analyst by June 1, 2017. At a minimum the proposed measures should include those presented to the Subcommittee during the requests for funding. If the same measures are not included, a detailed explanation as to why should be included. The Departments of Health, Human Services, and Workforce Services shall provide its first report on its

performance measures to the Office of the Legislative Fiscal Analyst by October 31, 2017 with another report two months after the close of the fiscal year where the funding was provided. (H.B. 3, Items 83, 91, and 95 and S.B. 2, Items 75, 86, and 90)

The Legislature made the following budget change:

HEALTH

The mission of the Utah Department of Health is to protect the public's health by preventing avoidable illness, injury, disability, and premature death; assuring access to affordable, quality health care; and promoting healthy lifestyles.

The Utah Department of Health lists the following objectives as three of its major goals:

1. To be among the healthiest of all state populations by promoting healthy communities, healthy behaviors, and an improved health care system;
2. Assure that health care reform improves health and reduces health care costs, by focusing on prevention as well as improving access to care, quality of care, and cost of care; and
3. Transform Medicaid to improve health outcomes and reduce costs by aligning provider payment incentives with the desired outcomes of improved health and reduced costs, while preserving access to care.

Thirteen local health departments cover all areas of the State and provide local public health services. The State utilizes local health departments to

administer many of the services required by state law.

The Legislature made the following budget changes:

- Medicaid Caseload and Program Changes -- one-time reductions of (\$10.8) million General Fund and (\$64.8) million federal funds, \$9.0 million one-time from the Medicaid Restricted Account, as well as ongoing increases of \$4.0 million General Fund and \$37.6 million federal funds: Estimated increase of 1,200 or 0.4 percent of clients in FY 2018, favorable changes in the federal medical assistance percentage, collections lower as compared to prior years, inflationary changes, and program changes; and
- Children's Health Insurance Program 100 Percent Federal Match -- (\$16.1) million one-time: Reduction due to the federal government paying 100 percent of Children's Health Insurance Program costs beginning October 1, 2015.

Executive Director's Operations

The Executive Director's Operations include those functions of the Department of Health that provide overall direction of policy, management, and administrative support to the divisions, offices, and department programs. This organizational line item also includes the Center for Health Data and Informatics, the Office of Internal Audit, and Adoption Records Access.

Family Health and Preparedness

The Division of Family Health and Preparedness tries to assure and improve the quality of the Utah health care system, with an emphasis on care delivered to the most vulnerable populations. The division fulfills this function through the examination, analysis, and regulatory actions to improve service availability, accessibility, safety, continuity, quality, and cost. The division directs the regulation and oversight of the health care industry. Division-wide improvement strategies include training, certification, licensing, and inspection.

The division also strives to assure that women, infants, children, and their families have access to comprehensive, coordinated, affordable, community-based quality health care. These health care services are available to all citizens of the State according to their ability to pay. Primary clients are low-income women, infants, and children who have special health care needs. The division coordinates efforts, identifies needs, prioritizes programs, and develops resources necessary to reduce illness, disability and death from adverse pregnancy outcomes and disabling conditions.

The Legislature made the following budget changes:

- Baby Watch Early Intervention Program -- \$2.7 million: Maintains FY 2017 provider rates for FY 2018 and funds a 0.1 increase in monthly visits; and

- **H.B. 142, "Administration of Anesthesia Amendments"** -- \$60,000 one-time funding to create a set of rules and reporting function for adverse events related to the use of anesthesia provided intravenously in the outpatient setting.

Disease Control and Prevention

The mission of the Division of Disease Control and Prevention is to promote health and reduce the leading causes of death, disease, and disability in Utah. The division works with and for other state, local, and private entities to:

- Identify and epidemiologically characterize communicable diseases, human health effects of environmental health hazards, occupational

risks of public health concern, injuries, chronic diseases, and risk factors for chronic diseases;

Vaccine Commodities

The federally-funded Vaccines for Children Program provides vaccines at no cost to eligible children ages 0-18 years that are uninsured, covered by Medicaid, under-insured, Alaska Native or American Indian. Statewide, over 350 enrolled public and private medical providers receive these vaccines. This program provides technical assistance for vaccine management and accountability including: doses administered, quality assurance, assessment, storage and handling, and audits. CHIP uses the Vaccines for Children distribution system to provide vaccines which provides a substantial cost savings to the CHIP program and provides the same services related to vaccine management and accountability.

Local Health Departments

Thirteen local health departments (LHDs) cover all areas of the State and provide local public health services. There are seven single-county LHDs with another six LHDs covering the other 22 Utah counties. The State utilizes the LHDs to administer many of the services required by state law. While this line item is for the General Fund block grant funding only, the Utah Department of Health contracts with the LHDs for over 45 other services from a variety of funding sources. The funding for

these contracts is appropriated to and included in the various line items of the department.

Additionally, the Department of Environmental Quality contracts with LHDs to provide various services.

Primary Care Workforce Financial Assistance

The purpose of the Utah Health Care Workforce Financial Assistance Program is to increase the number of: (1) health care professionals (physicians, physician assistants, nurses, dentists, mental health therapists, or other health care professionals) to provide primary health care services in medically underserved areas and (2) geriatric professionals (health care professionals, social workers, occupational therapists, pharmacists, physical therapists, or psychologists). This is done through educational loan repayment grants and scholarships in return for providing health care services for an obligated period of time.

- Utah's Premium Partnership for Health Insurance; and
- Primary Care Network.

The federal government requires that all Medicaid funding must flow through the Department of Health via a memorandum of understanding for all functions performed by other entities whether state, non-profit, for profit, local government, etc. About 14 percent of clients receive their medical services from any willing provider who bills Medicaid directly. The other 86 percent of clients receive most of their medical services through four contracted health plans who handle the billing and case management services of their clients.

The Legislature approved the following intent language:

There is no asset test for CHIP eligibility.

Medicaid Mandatory Services

Medicaid is a joint federal/state entitlement service consisting of three programs that provide health care to selected low-income populations: (1) a health insurance program for low-income parents (mostly mothers) and children; (2) a long-term care program for the elderly; and (3) a services program to people with disabilities. Overall, Medicaid is an "optional" program, one that a state can elect to offer; however, if a state offers the program, it must abide by strict federal regulations. It also becomes an entitlement program for qualified individuals; that is, anyone who meets specific eligibility criteria is "entitled" to Medicaid services. The federal government establishes and monitors certain requirements concerning funding, and establishes standards for quality and scope of medical services. Medicaid includes requirements to provide certain services and to serve specific populations.

Medicaid Optional Services

The federal Centers for Medicare and Medicaid Services designate which services in Medicaid are optional. An optional service means that a state does

not have to provide the service for most Medicaid clients. These 30-plus optional services are eligible for the State's federal matching funds. These services include pharmacy, dental, ambulatory surgery, chiropractic, podiatry, physical therapy, vision care, substance abuse treatment, hearing, speech, dialysis clinics, surgical centers, alcohol and drug clinics, intermediate care facilities for individuals with intellectual disabilities, personal care, hospice, and private duty nursing. As noted in the Medicaid Mandatory Services section, some of these services may be mandatory for certain populations or in certain settings.

Medicaid Services

Beginning in FY 2018, this line item is the combination of the two line items entitled: "Medicaid Mandatory Services" and "Medicaid Optional Services."

The Legislature approved the following intent language:

The Legislature intends that the Department of Health report quarterly to the Office of the Legislative Fiscal Analyst on the status of replacing the Medicaid Management Information System replacement beginning September 30, 2017. The reports should include, where applicable, the responses to any requests for proposals. At least one report during Fiscal Year 2018 should include an updated estimate of net ongoing impacts to the State from the new system. The Department of Health should work with other agencies to identify any impacts outside its agency. (S.B. 2, Item 84)

The Legislature intends that the income eligibility ceiling for FY 2018 shall be the following percent of federal poverty level for UCA 26-18-411 Health Coverage Improvement Program: i. 0% for individuals who meet the additional criteria in 26-18-411 Subsection (3) ii. 55% for an individual with a dependent child. The fiscal note included \$1.2 million ongoing General Fund savings from 4,900 clients who would no longer be served by the Primary Care Network (limited medical benefit package) and would now receive full Medicaid benefits. This funding allows 4,900 new clients to fill those vacated spots in the Primary Care Network; and

Special Service Districts

According to UCA 59-21-2, the Department of Workforce Services is to distribute funding to special service districts in counties of the third, fourth, fifth, or sixth class which are significantly impacted by the development of minerals. Half of the funds are distributed equally among the 11 county special service districts; the other half is distributed proportionately based on population.

Community Development Capital Budget

The Community Development Capital Budget includes the Permanent Community Impact Fund, which is used to mitigate the impacts of non-metallic mineral extraction. Funding sources for the program are mineral lease royalties and bonus revenues returned to the State by the federal government.

Permanent Community Impact Fund

The Permanent Community Impact Fund helps mitigate the impacts of non-metallic mineral extraction on services traditionally provided by government entities. Revenue sources are mineral lease royalties returned to the State by the federal government. The fund provides grants and/or loans to subdivisions of the State for public facilities which are impacted directly or indirectly by mineral resource development on federal lands.

Intermountain Weatherization Training Fund

These funds are for the administration, operation, maintenance, and support of the Weatherization Training Center. Money in the fund may come from private contributions, donations, grants, fees, any money appropriated by the Legislature, and earnings on fund money.

Navajo Revitalization Fund

The Navajo Revitalization Fund is to help the Navajo Nation Reservation in San Juan County, Utah with capital projects, infrastructure, housing projects, educational endowments, and promotion of Navajo culture. Funds may not be used for general

operating budgets of eligible entities nor for costs of private business ventures. Eligible entities include the Navajo Nation and its divisions as well as nonprofit organizations that may be impacted by mineral resource development.

Economic Revitalization and Investment Fund

The fund's mission is to receive and distribute funds for projects related to the acquisition development work or new construction of buildings that include affordable housing units.

The Legislature made the following budget change:

- **H.B. 36, "Affordable Housing Amendments"** -- \$2,061,000 one-time to the Economic Revitalization and Investment Fund and \$500,000 one-time to the Olene Walker Housing Loan Fund: Funding to meet the increased demand for affordable rental housing in the State as well as an expansion of the state low-income housing tax credit program.

Olene Walker Housing Loan Fund

The fund's mission is to support quality affordable housing options that meet the needs of Utah's individuals and families. Affordable housing for this program means that a household spends no more than 30 percent of income on all housing costs, including utilities. The money goes to home builders and buyers via low interest rate loans. The fund is a revolving loan fund.

The Legislature made the following budget change:

- **H.B. 441, "Housing and Homeless Reform Initiative"** -- \$700,000 one-time General Fund in FY 2017 to the Olene Walker Housing Loan Fund as well as \$9.85 million one-time and \$250,000 ongoing beginning in FY 2018 in the Housing and Community Development line item for improvements to homeless prevention delivery systems and to support new emergency shelter facilities.

State Small Business Credit Initiative Program Fund

The State Small Business Credit Initiative Program Fund is an enterprise fund to provide loan and loan

guarantees for the federal government's Small Business Credit Initiative. The program guarantees up to 80 percent of loans for small business owners. Because the State purchases portions of loans, the program receives fee and interest income. The program is self-sustaining and uses its income to cover potential losses.

Qualified Emergency Food Agencies Fund

The Qualified Emergency Food Agencies Fund provides funding to qualified emergency food agencies for the purchase of food for distribution to individuals.

Uintah Basin Revitalization Fund

The Uintah Basin Revitalization Fund's goal is to maximize the long-term benefit of severance taxes by funding items that will make the best of use of resources for the largest number of Uintah Basin residents. These residents include Uintah and Duchesne Counties as well as Ute tribe members.

Child Care Fund

The Child Care Fund's purpose is to support child care initiatives to improve quality, affordability, and accessibility. The money in the fund primarily comes from donations.

Utah State Office of Rehabilitation

The Department of Workforce Services oversees the Utah State Office of Rehabilitation (USOR) as of FY 2017. USOR operates programs designed to help people with disabilities prepare for, obtain, and maintain employment, and to increase their independence. USOR is organized into one line item with the following programs:

- Executive Director's Office;
- Vocational Rehabilitation Services;
- Disability Determination Services;
- Services to the Deaf and Hard-of-Hearing;
- Services to the Blind and Visually Impaired; and
- Aspire Grant.

The Legislature approved the following budget changes:

- Assistive Technology Program -- \$600,000 one-time: Provides items such as wheelchairs,

ramps, grab bars, and hand bars to independent living centers to assist individuals with disabilities to be more independent in their homes and communities;

- Independent Living Center Services -- \$475,000 one-time: Funds services to underserved populations with disabilities including youth and individuals in nursing homes desiring to transition out; and
- Division of Blind and Visually Impaired -- \$100,000 one-time: Restoration of funds taken in economic downturn.

Visual Impairment Fund

The fund provides allocation of interest earned for projects and programs benefitting blind individuals, as selected through a request for proposal process and approved by an oversight body.

Visual Impairment Vendor Fund

The fund provides individuals who are legally blind financial assistance to establish and operate vending, cafeteria, or gift shop enterprises within state or federal facilities.

Office of Child Care

The Child Care program operates to help "provide low-income families with the financial resources to find and afford quality child care for their children." Additionally, the program operates to enhance the quality and increase the supply of child care; increase the availability of early childhood development training; and ensure the provision of before and after school care services.

HUMAN SERVICES

The Department of Human Services (DHS) provides direct and contractual social services to children, families, and adults in Utah's communities, for:

- Individuals with disabilities;
- Children and families in crisis;
- Individuals with mental health or substance abuse issues;
- Vulnerable adults;
- Older adults; and
- Youth in the juvenile justice system.

Juvenile Justice Services is a division within DHS but is included in the Executive Offices and Criminal Justice section of this report.

The Legislature approved the following agency-wide budget changes:

- Federal Medical Assistance Percentage (FMAP) Adjustment -- (\$668,000) General Fund and \$620,700 federal funds and Medicaid transfers due to a higher federal match rate for FY 2018. Additional federal funds allow a decrease in state contributions without a change to total budgets. The FMAP applies to Medicaid, foster care, and adoption assistance;
- Medicaid Expansion Delayed Implementation -- \$1.1 million one-time in FY 2017 and \$1,009,900 one-time in FY 2018. The Legislature's Medicaid enhancement bill reduced DHS budgets based on anticipated savings. Because implementation is delayed until at least January 2018, these appropriations replace the reduced funds;
- Targeted Compensation -- \$259,100, including \$186,200 General Fund, to increase salaries for employee categories that are paid below market rate (shown in Table A2);
- Supplemental Federal Funds -- \$10,848,100 in additional federal fund authority for FY 2017; and
- Nonlapsing Balances Adjustments -- \$824,500 for line items and \$101,000 for funds, to update appropriations to reflect the estimated balances for FY 2017.

Executive Director Operations

The Executive Director Operations (EDO) division includes the Director's Office and bureaus that provide administrative support, such as Fiscal Operations, Legal Affairs, and the Office of Licensing. EDO includes the Utah Developmental Disabilities Council, a program that operates independently of the department with federal funding, but for which the department provides administrative support.

The Legislature approved the following intent language:

The Legislature intends that the Department of Human Services provide a report on the System of Care program to the Office of the Legislative Fiscal Analyst no later than October 1, 2017. The report shall include: (1) the geographic areas of the State where the program has been implemented; (2) the number of children and families served; (3) the total population of children and families that could be eligible; (4) a description of how the department determines which children and families to serve; (5) a measure of cost per child and cost per family; and (6) a plan for how funding for the program will be sustained over the next five years. (S.B. 7, Item 54)

The Legislature approved the following budget changes:

- 2-1-1 United Way Information and Referral System -- \$650,000 to support 1) 24/7 referral to resources, 2) a statewide database and software, 3) disaster preparedness preparation, 4) statewide outreach, and 5) data analysis;
- Marriage Commission -- \$150,000 one-time to maintain existing staff and provide courses intended to help individuals form and sustain healthy and enduring marriages;
- Recovery Residence Fees -- \$20,000 one-time in FY 2017 and \$20,000 ongoing in FY 2018 from dedicated credits to reflect higher-than-expected fee collections; and
- Transfer to Office of Public Guardian from Executive Director Operations -- (\$51,200) General Fund and (\$7,000) from Medicaid transfers one-time in FY 2017 and (\$49,200) General Fund and (\$7,000) from Medicaid transfers ongoing in FY 2018, to shift funds appropriated in the 2016 General Session to the correct line item.

Substance Abuse and Mental Health

The Division of Substance Abuse and Mental Health (DSAMH) is the State's public mental health and substance abuse authority, which oversees the 13 local mental health and 13 local substance abuse authorities. DSAMH also oversees the State Hospital in Provo.

The Legislature approved the following intent language:

The Legislature intends the Department of Human Services provide to the Office of the Legislative Fiscal Analyst no later than August 15, 2017 the following information for the Medication Assisted Treatment Pilot Program: (1) cost per client, (2) changes in employment, housing, education, and income among clients, (3) the number of new charge bookings among clients, (4) measures of cost-effectiveness, (5) options for reducing the cost of treatment, including obtaining naltrexone from compounding pharmacies, and (6) options for continued funding beyond the current one-time funding, if the pilot shows positive outcome measures. (S.B. 7, Item 55)

The Legislature intends that the amount provided by this item be used to fund the grant awards described in Subsection 62A-15-1101(10). [As funding by the Legislature allows, the state suicide prevention coordinator shall award grants, not to exceed a total of \$100,000 per fiscal year, to suicide prevention programs that focus on the needs of children who have been served by the Division of Juvenile Justice Services.] (H.B. 346, Item 2)

The Legislature approved the following budget changes:

 - Substance Abuse and Mental Health Nonlapsing Balance -- (\$200,000) one-time in carry forward funds that were reallocated to other legislative priorities; and
 - **H.B. 346, “Suicide Prevention Programs”** -- \$100,000 for grants to suicide prevention programs that focus on the needs of children who have been served by the Division of Juvenile Justice Services.

Services for People with Disabilities

The Division of Services for People with Disabilities (DSPD) is responsible for providing services ranging from limited family support to a full array of 24-hour services, both in the community and at the Utah State Developmental Center, for people with severe intellectual disabilities and other related conditions, including brain injuries and physical disabilities. The division receives about 70 percent of its funding from Medicaid transfers, as part of the Home and Community Based Services Waiver program.

The Legislature approved the following intent language:

The Legislature intends that if funding is appropriated for the building block titled "DHS - DSPD Direct Care Staff Salary Increase Phase III," the Division of Services for People with Disabilities (DSPD) shall: (1) Direct funds to increase the salaries of direct care workers; (2) Increase only those rates

which include a direct care service component, including respite; (3) Monitor providers to ensure that all funds appropriated are applied to direct care worker wages and that none of the funding goes to administrative functions or provider profits; (4) In conjunction with DSPD community providers, report to the Office of the Legislative Fiscal Analyst no later than September 1, 2017 regarding the implementation and status of increasing salaries for direct care workers. (S.B. 2, Item 92)

The Legislature further intends that DSPD report to the Office of Legislative Fiscal Analyst by October 15, 2018 on the use of these nonlapsing funds. (S.B. 7, Item 56)

The Legislature made the following budget changes:

- Additional Needs for Disability Services -- \$505,600 General Fund and \$1,189,300 in Medicaid transfers ongoing and \$3,627,700 General Fund and \$8,533,600 in Medicaid transfers one-time, for additional needs of individuals receiving disability services in the community and youth with disabilities aging out of Child and Family Services or Juvenile Justice Services custody;

Office of Recovery Services

The Office of Recovery Services (ORS) is responsible for establishing child and medical support obligations and then enforcing the obligations. The office enforces any referred cases regarding child support payments, whether money is owed to 1) a custodial parent, 2) the federal or state government

for public assistance that was provided to the child or custodial parent, or 3) the State for the costs of a child in custody. The Department of Health also contracts with ORS to provide medical collection services for the Medicaid program, for cases in which a third-party health insurer is liable for claims initially paid by Medicaid.

(S.B. 2, Item 93)

The Legislature made the following budget changes:

- Foster Families of Utah -- \$500,000 General Fund and \$383,900 in federal funds to increase the reimbursement rate paid to foster parents;

- Citizens Against Physical and Sexual Abuse (CAPSA) -- \$100,000 one-time to support capital improvements to CAPSA's building;

- Donations from Special License Plate -- \$37,500 one-time in FY 2017 and \$37,500 ongoing in FY 2018 from the Professional Men's Basketball Support of Women and Children Issues Restricted Account, to disburse the total contributions collected into the account;

process for automatic and requested removals of adults from the division's database.

Aging and Adult Services

The Division of Aging and Adult Services (DAAS) coordinates state efforts related to the federal *Older Americans Act*. Services are primarily administered by the 12 local Area Agencies on Aging. The division also works to protect abused, neglected, and exploited adults. Following passage of **H.B. 374, "Long-Term Care Ombudsman Amendments,"** DAAS ombudsman services are available to any individual residing in an institution, not only those who are elderly.

Office of Public Guardian

The Office of Public Guardian provides guardianship and conservator services to legally incapacitated adults who have no willing and responsible family or friends. The primary tasks of the office are to prepare documentation, perform evaluations, and assist in the court process to establish guardianship and conservator services for its clients. Office staff act as case managers, organizing clients' residential accommodations, overseeing health care needs, and managing finances and real personal property. Services are focused on incapacitated adults who are in life-threatening situations or are being abused, neglected, or exploited.

The Legislature made the following budget change:

- Transfer to Office of Public Guardian from Executive Director Operations -- \$51,200 General Fund and \$7,000 from Medicaid transfers one-time in FY 2017 and \$49,200 General Fund and \$7,000 from Medicaid transfers ongoing in FY 2018, to shift funds appropriated in the 2016 General Session to the correct line item.

Out and About Homebound Transportation Assistance Fund

The fund is used to distribute resources to organizations that provide public transportation to individuals who are elderly or have disabilities.

Revenue to the fund is from optional contributions connected to driver license renewals.

State Development Center Miscellaneous Donation Fund

The fund is used to hold donations made to the center and must be used for the benefit of residents. Fund expenditures include workshop programs, events, and small cash needs such as recreational supplies.

State Development Center Workshop Fund

The center operates a workshop to provide employment for center residents, who make crafts, food, and other items. This work program is qualified under Title XIX of the federal *Social Security Act*. The fund holds proceeds from the sale of these items, which are then directed toward program costs.

Utah State Developmental Center Land Fund

The fund holds proceeds associated with the sale or lease of land or water rights on the land designated for the center. Proceeds must benefit individuals served by DSPD, either at the center or in the community, and are generally used for infrastructure improvements.

State Hospital Unit Fund

The fund is used to hold donations, gifts, and grants made to the hospital and must be used for the benefit of residents. Fund expenditures include patient recreation, eyeglasses, and holiday gifts.

Human Services Client Trust Fund

The fund is used to account for assets held in a fiduciary relationship for elderly, disabled, and child clients served by the department. It may also hold donations. Account funds are spent as directed by the clients or their guardians.

State Developmental Center Patient Account

State Hospital Patient Trust Fund

The fund holds assets belonging to residents at the hospital. Account funds are spent as directed by the clients or their guardians.

The fund was established to account for the proceeds of a will. The will states the funds are to be used for public purposes related to the recognition of foster parents.

Human Services Office of Recovery Services (ORS) Support Collections

The fund temporarily holds court-ordered child support payments collected by the office. Funds are then disbursed to the appropriate party, usually the custodial parent.

RESTRICTED ACCOUNT TRANSFERS

Fund and Account transfers are line item appropriations that authorize the Division of Finance to move resources from one fund or account to another. These resources are then re-appropriated from the recipient fund or account to a program or activity. They are shown separately to avoid double-counting them in a budget roll-up.

GFR - Homeless Account

The funds provide a competitive grant program for services such as shelter, transitional housing, day centers, case management, and outreach for homeless individuals.

The Legislature made the following budget change:

- Case Managers for Chronically Homeless -- \$356,200 one-time for case management services associated with formerly chronic homeless individuals from the General Assistance line item.

REVENUE TRANSFERS

Free revenue transfers are line item appropriations that authorize the Division of Finance to move resources from a restricted fund or account into the General Fund or Education Fund. This activity most

often happens when the Legislature "sweeps" an account balance. The resources then offset other appropriations from free revenue. These items are shown separately to avoid double-counting them in a budget roll-up.

The Legislature made the following budget change:

- Background Check Fee -- raising two background check fees and adding one new fee for fingerprinting to generate \$109,800 General Fund.

SUBCOMMITTEE OVERVIEW

The Retirement and Independent Entities Appropriations Subcommittee oversees the operating budgets of the Career Service Review Office, the Department of Human Resource Management, and the Utah Education and Telehealth Network.

The Subcommittee also considers issues related to Utah Retirement Systems (URS), the Public Employees’ Health Program (PEHP), and other independent state entities.

Total FY 2018 General/Education Fund appropriations for these agencies decreased 3.8 percent from FY 2017 Revised. Total appropriations decreased by 15.3 percent, largely due to UETN estimating \$10 million more in nonlapsing balances for FY 2017 than appropriated.

CAREER SERVICE REVIEW OFFICE

The Career Service Review Office (CSRO) is a quasi-judicial body that administers the grievance and appeals process for the state's employees. The office reviews grievances from career services employees regarding: dismissals, demotions, suspensions, reductions in force, disputes concerning abandonment of position, wage grievances if an employee is not placed within the salary range of the employee's current position, violations of a rule adopted under Chapter 19, Utah State Personnel Management Act, and the equitable administration of certain benefits. The office also reviews grievances from a reporting employee alleging

retaliatory action. CSRO employs two full-time equivalent (FTE) employees. The Legislature increased CSRO’s General Fund appropriation by 2.5 percent for FY 2018 to \$280,500.

Due to fluctuations in the frequency and complexity of hearings, CSRO expenditures vary from year to year. To cover these fluctuations, the Legislature has authorized a nonlapsing balance of \$30,000.

DEPARTMENT OF HUMAN RESOURCE MANAGEMENT

The Department of Human Resource Management (DHRM) is the central human resource office for the State’s workforce. DHRM is responsible for recruitment, training, classification, and the compensation system. The department has an appropriated component for the Administrative Law Judge program and an internal service fund (ISF) component for administration, information technology, field operations, and payroll. The appropriated component employs 0.6 FTE and has an FY 2018 budget of \$290,000. The ISF component employs 145 FTEs and estimates dedicated credit revenue of \$14,223,700 for FY 2018.

During the 2017 General Session, the Legislature approved the elimination of DHRM’s Attorney General Legal Services fee and appropriated the General Fund savings directly to the Attorney General’s newly formed ISF.

UTAH EDUCATION AND TELEHEALTH NETWORK

Utah Education and Telehealth Network (UETN) delivers education statewide through the use of technology, including public television station KUEN-9, Interactive Video Conferencing (IVC), and internet connections for schools. UETN leverages state appropriations with other grants and E-rate discounts (federal reimbursements) to perform its mission.

During the 2017 General Session, the Legislature approved the following major funding items for UETN:

- Network Infrastructure and Equipment -- \$3.0 million one-time and \$700,000 ongoing for

broadband expansion, new connections, equipment replacement, and other UETN priorities;

- Software Infrastructure and Media Licensing for Education -- \$700,000 ongoing for costs associated with a learning management system, software licensing within higher education, and media licensing in public education;
- Operations Sustainability – 24/7 Network Operating Center -- \$200,000 ongoing for two new staff members for network monitoring and support outside of normal business hours; and
- Internet Filtering -- \$300,000 ongoing for updating UETN’s network internet filtering services to institutions of public and higher education.

The 2017 Legislature approved the following bill affecting UETN:

- **S.B. 194, “Utah Data Research Center Act,”** which establishes the Utah Data Research Center within the Department of Workforce Services (DWS). The bill shifts \$645,000 in ongoing appropriation from UETN’s Statewide Data Alliance program to DWS.

COMMITTEE OVERVIEW

The Executive Appropriations Committee (EAC) organizes and implements the appropriations process and coordinates the activities of the eight Subcommittees of the Joint Appropriations Committee (which includes all legislators). While most state agencies report to an appropriations subcommittee, these state agencies report directly to the Executive Appropriations Committee:

- Utah National Guard;
- Veterans’ and Military Affairs;
- Capitol Preservation Board; and
- Legislature.

The total FY 2018 appropriation for these agencies is \$135.1 million, 6.6 percent more than the FY 2017 Revised estimate of \$126.7 million, and 9.6 percent more than the original FY 2017 budget of \$123.3 million. The most significant increase is a \$9.3 million rise in federal funds in FY 2018 compared to the FY 2017 Revised estimate. The total FY 2018 General Fund appropriation of \$43.0 million represents a 0.7 percent increase compared to the FY 2017 Revised estimate of \$42.7 million.

Unless otherwise noted, budget changes shown in this chapter were made from the General Fund.

UTAH NATIONAL GUARD

The Utah National Guard (UNG), consisting of Army and Air Force units, is the constitutionally authorized state militia for Utah. The Governor is the Commander-in-Chief of the Utah National Guard and

may employ National Guard personnel and equipment to respond to natural or other disasters, civil emergencies, civil defense needs, or any other mission allowed by law. The President of the United States may assign UNG units to perform federal military missions for which the UNG is organized, trained, and equipped. UNG units are stationed in 23 communities throughout Utah and can respond to needs throughout the State, Nation, and world as ordered by the Governor or the President.

The Legislature made the following budget changes:

- Targeted Compensation -- \$5,900 General Fund and \$5,200 federal funds in FY 2018 to increase salaries for employees working in specific classifications that are below market wages; and
- Dedicated Credits Increase -- \$25,000 one-time in FY 2017 and \$25,000 ongoing in FY 2018 to reflect anticipated revenue increases from solar energy incentive payments.

The Legislature approved the following intent language for the Utah National Guard:

The Legislature intends that the Utah National Guard be allowed to increase its vehicle fleet by up to three vehicles with funding from existing appropriations. (S.B. 2, Item 155)

UNG Morale, Welfare, and Recreation Fund

The Legislature set up the UNG Morale, Welfare, and Recreation (MWR) Fund as an expendable special revenue fund to account for MWR program operations. All revenues come in the form of dedicated credits from fees for services. The program began operations January 1, 2015.

Other than standard compensation and internal service fund adjustments, the Legislature made no changes to the fund during the 2017 General Session.

VETERANS’ AND MILITARY AFFAIRS

The Department of Veterans' and Military Affairs is the agency responsible for Utah's 151,000 veterans. The agency has a three-part mission:

1. Advocate for and honor veterans for their unique contributions;
2. Connect veterans, family members, community groups, service organizations, military installations, support groups, and other stakeholders to each other and external resources; and
3. Grow military missions and associated military installation workloads, consistent with national security.

The Legislature made the following budget changes:

- Dedicated Credits Increase -- \$50,000 one-time in FY 2017 and \$75,000 ongoing in FY 2018 to reflect anticipated revenue increases from donations and special license plate collections;
- Federal Funds -- \$62,400 one-time in FY 2017 to approve a federal grant;
- National Ability Center -- \$500,000 one-time to expand veteran outreach across the state to include families, and coaching to overcome Post-Traumatic Stress Disorder, recover from addiction, adapt to battlefield injuries, and return to civilian life;
- Replica Vietnam Wall in Layton City -- \$100,000 one-time in FY 2017 to help fund the construction of a replica wall in Layton City;
- **S.B. 10, “Veterans’ and Military Affairs Commission Amendments”** -- \$600 General Fund and \$200 federal funds in FY 2018 to implement provisions of the bill;
- Utah World War I Centennial Commission -- \$75,000 one-time in FY 2018 to help fund a temporary employee to coordinate activities of the commission; and
- Veterans Memorial Hall -- \$100,000 one-time in FY 2017 to help pay for architecture and engineering plans for a building in West Valley City.

The Legislature approved the following intent language for the Veterans’ and Military Affairs line item:

The Legislature intends that the Department of Veterans' and Military Affairs be allowed to increase

its vehicle fleet by up to three vehicles with funding from existing appropriations. (S.B. 2, Item 156)

The Legislature intends that the Department of Veterans' and Military Affairs pursue the option of filing a federal grant application under the VA State Home Program to assist in funding the construction and operation of a Veterans' Adult Day Health Care Center at the current George E. Wahlen Ogden Veterans' Home. The department should submit any federal fund application under procedures outlined in 63J-5-201 through 205. (S.B. 2, Item 156)

Veterans' Nursing Home Fund

The department administers the Utah Veterans' Nursing Home Fund for the benefit of the residents of the four Utah veterans' nursing homes.

Other than compensation and internal service fund adjustments, the Legislature appropriated an additional \$10,000 one-time from federal funds in FY 2017 to approve a federal grant.

CAPITOL PRESERVATION BOARD

The Capitol Preservation Board (CPB) manages all functions associated with Capitol Hill facilities and grounds including: maintenance, furnishings, occupancy, public usage, tours, and long range master planning. The board manages the day-to-day operations of the Capitol building, the Senate and House buildings, the State Office Building, the Daughters of Utah Pioneers Museum, the Travel Council Building, and the White Chapel. Grounds maintenance and facility management are provided through a contract with the State Division of Facilities Construction and Management (DFCM).

The Legislature made the following budget changes:

- Committee Rooms Audio Upgrades -- \$189,200 one-time in FY 2017 to upgrade 10 committee rooms to Digital Audio Network Through Ethernet (also known as “DANTE”), upgrade display ports, and digitally upgrade Senate Building Room 220 to match other committee rooms; and

- House Chamber Video Upgrade -- \$405,000 one-time in FY 2017 to replace all monitors, replace aging system components, and upgrade the audio system to the DANTE platform in the House chamber, and install new switches in the audio/video closets throughout the Capitol Building.

State Capitol Fund

The State Capitol Fund consists of money generated through private contributions, dedicated credits, appropriations made by the Legislature, and any money received from the federal government. The Capitol Preservation Board may use this fund to acquire historical and other items to furnish Capitol Hill facilities, repair, maintain, and rehabilitate Capitol Hill facilities and grounds, and fund all other costs incurred in complying with its statutory requirements.

Other than internal service fund adjustments, the Legislature made no changes to the fund during the 2017 General Session.

The Utah Constitution assigns legislative power to a part-time citizen Legislature that meets each year, beginning on the fourth Monday in January and ending 45 days later (not including the Presidents' Day holiday). The Legislature made the following budget change:

- **S.B. 209, "Budgeting Revisions"** -- \$4,800 in FY 2018 to implement the federal funds trend analysis required by the bill. The Legislature appropriated another \$4,800 to the Governor's Office of Management and Budget.

It provides typesetting, graphics, printing and publishing services to the Legislature, its staff offices and other state agencies. LPO was assigned responsibility for the Legislative Bill Room in the mid-1990s.

Other than standard compensation and internal service fund adjustments, the Legislature made no changes to LPO's budget during the 2017 General Session.

Legislative Research and General Counsel

The mission of the Office of Legislative Research and General Counsel (LRGC) is to:

GLOSSARY

Glossary of Terms

Administrative Rules - The detailed procedures established by state agencies to implement statute and programs.

Allocation - The division of an appropriation into parts, and the designation of each part for expenditure by specific units or for specific purposes.

American Recovery and Reinvestment Act (ARRA) – The federal stimulus program providing money to states for education, jobs creation, infrastructure, weatherization, and other areas to help move the country out of the economic crisis of 2008.

Appropriation - A legislative authorization to make expenditures and incur obligations.

Backfill – The use of one-time funds (state or federal) to replace reductions in ongoing programmatic funding for one year.

Bill - A proposed law or statute presented to the Legislature for their consideration.

Bill of Bills (Appropriations Adjustments) - A bill which contains funding for legislation that has fiscal impact and funding for other legislative action. It covers two fiscal years: the current fiscal year and the next.

Bond - A certificate of indebtedness issued by a government entity as evidence of money borrowed. It is a written promise to pay a specified sum at a specified date or dates together with specific periodic interest at a specified rate. The primary bonds used by the State are General Obligation Bonds, Lease Revenue Bonds, and Revenue Bonds.

Budget - An itemized summary of estimated or intended expenditures for a fiscal year along with estimated revenues.

Building Blocks - Funding increases or decreases to existing programs.

Calendar Year - The year beginning 1 January and ending 31 December.

Capital Outlay - Expenditures which result in the acquisition or replacement of fixed assets other than computers and related hardware.

Current Expense - An expenditure category which includes general operational expenses of the programs including: consultants, contracts, building maintenance, small office supplies, etc.

Data Processing Current Expense (DP Current Expense) - An expenditure category which includes costs incurred to operate information technology systems, such as Local Area Network (LAN) connections, software under \$5,000, and supplies.

Data Processing Capital (DP Capital) - The expenditure category that includes computer hardware, support equipment, systems, and software over \$5,000.

Debt (General Obligation) – Debt backed by the full faith and credit of the State. Property taxes secure general obligation debt and general tax revenue pays for the debt service.

Debt (Revenue) - A bond that does not carry the "full faith and credit" of the State but rather pledges a revenue or lease stream to pay for debt service.

Debt Limit (Constitutional) - Caps total general obligation debt at 1.5 percent of total fair market value of taxable property.

Debt Limit (Statutory) - UCA 63J-3-402 limits general obligation debt to 45 percent of the allowable spending limit from the General Fund, Uniform School Fund and Transportation Fund, less debt service. A two-thirds vote of the Legislature is necessary to exceed this limit.

Debt Service - The money required to pay the current outstanding principle and interest payments on existing obligations according to the terms of the obligations.

Dedicated Credits Revenue - Money that is paid to an agency by other agencies or the public for services or goods. The agency usually uses these dedicated funds to pay for its expenses.

Education Fund (EF) - The main funding source for public and higher education. The Education Fund receives all revenues from taxes on intangible property or from income tax.

Encumbrance - An obligation in the form of purchase orders, contracts or salary commitments which an agency charges to an appropriation and for which the agency reserves a portion of its appropriation.

Enterprise Fund - Fund established by a governmental unit which operates like a business. Used by governmental units that cover most or all of their operating costs through user charges.

Expenditures - Expense categories for personnel, goods, and services needed by state programs. These include: personnel services, travel, current expense, DP current expense, DP capital, capital outlay, pass-through, and other.

Federal Funds - Money made available to the State by an act of the Federal Congress. The Governor may accept, on behalf of the State, any federal assistance funds for programs that are consistent with the needs and goals of the State and its citizens and that are not prohibited by law. Generally, money comes to the State from the federal government with specific requirements. In many cases, the State must provide a match in state funds or in-kind services.

Fiscal Note - The estimate by the Legislative Fiscal Analyst of the amount of present or future revenue and/or expenditures resulting from the passage of a given bill.

Fiscal Year (FY) - An accounting period of 12 months at the end of which the organization ascertains its financial conditions. The state fiscal year (FY) runs from July 1 through June 30. The federal fiscal year (FFY) is from Oct. 1 through Sept. 30.

Fee - A fixed charge for a good or service, usually recorded as Dedicated Credit revenue.

Fixed Assets - Long-term assets which will normally last in excess of one year, such as land, buildings, machinery, furniture, etc.

Full Time Equivalent (FTE) - FTE is the abbreviation for "Full Time Equivalent" position or employee. It is a method of standardizing the personnel count. One person working 40 hours per week for one year is equal to one FTE. Two people working 20 hours each per weeks are equal to one FTE. One FTE is any combination of hours that equals a full-time, 40-hour a week employee.

Full Faith and Credit - A pledge of the general taxing power of the government for the payment of a debt obligation.

Fund - An independent fiscal and accounting entity with a self-balancing set of accounts.

General Fund (GF) - A major revenue source for the State. The Legislature can appropriate these funds at its discretion, as the Constitution allows. The primary source of this revenue is the sales tax, although there are several other taxes and fees that contribute to the General Fund.

General Obligation Bonds (G.O.) - The full faith and credit of the State is the security for G.O. debt. The state Constitution and statute limit the level of G.O. debt that may be issued. G.O. debt is the least expensive tool available to the State for long term borrowing and is usually issued for six-year terms (buildings) or 15-year terms (highways).

Grant - A contribution by one entity to another without expectation of repayment. This is usually made in support of some specified function or goal.

Indirect Charges - Also called Overhead Shared Expenses, which cannot be exactly identified to a specific product or service that are often allocated rather than computed.

Initiative - A procedure by which citizens can propose a law and ensure its submission to the electorate.

Intent Language - A statement, added to appropriations bills to explain or put conditions on the use of line item appropriations. These statements are part of an Appropriations Act, but expire at the end of the fiscal year. Intent language cannot replace or supersede current statutes.

Interim - The period between regular sessions of the Legislature.

Internal Service Fund - A fund established by a governmental unit to provide goods and services, primarily to other governmental agencies. User charges usually finance these funds.

Lapse - The automatic termination of an appropriation and the return of the unexpended funds to the base fund.

Lapsing Funds – Unspent money remaining at the end of the year reverts (or lapses) back to the base fund, unless otherwise designated.

Legislative Oversight - The responsibility of the Legislature to review operations of executive and judicial agencies.

Legislative Rule - The precise method or procedure of action to govern as determined by each house or both houses.

Line Item - Each appropriated sum has an item number in an appropriations bill. Each line item appropriation may have several programs. Once the appropriation becomes law, an agency may move funds from program to program within the line item, but not from one line item to another.

Nonlapsing Funds - The Legislature can authorize an agency, via statute or intent language, to keep unused funds at the end of a fiscal year. Otherwise, unexpended funds return (lapse) to their account of origin.

Obligations – Required amounts that a governmental unit must pay out of its resources.

One-time vs. Ongoing Funding - Both revenue and expenditures may be one-time (short, distinct period of time) or ongoing (lasting from year to year).

Operating Expenses - Those costs which are necessary to the operations of an agency and its program(s).

Operating surplus – The amount by which annual revenues exceed outlays.

Operations and Maintenance (O&M) - Expenses to clean and maintain facilities on a regular basis.

Pass-through - An expenditure category for funds collected by one program or agency and “passed-through” to another group for services or expenditure.

Per Diem - Literally, per day, daily expense money rendered to legislators and state personnel.

Personnel Services - An expenditure category which includes all personnel costs, including salary and benefits.

Rate - A fixed charge for services provided by Internal Service Funds.

Referendum - A popular vote of the electorate on a measure adopted by the Legislature.

Regulation - A rule or order of an agency promulgated under the authority of a statute.

Restricted Funds (GFR, USFR, Transportation Fund Restricted) - These accounts restrict revenue for specific purposes or programs.

Retained Earnings - The accumulated earnings of an Internal Service Fund (ISF) or Enterprise Fund (EF) still in the fund and not reserved for any specific purpose.

Revenue - The yield of taxes and other sources of income that the State collects.

Revenue Bonds - Debt issued by the State and backed by the revenue from a specific project rather than general taxes or lease payments. Revenue sources typically include sales revenue such as at state liquor stores or from auxiliary functions such as student housing and parking at institutions of higher education. Revenue bonds usually carry an interest rate slightly higher than general obligation debt.

Revenue Surplus - The amount by which annual collections exceed forecasted revenue. The Legislature uses this in the context of Rainy Day Fund deposits.

Shared Revenue - Revenue levied by one governmental unit and distributed to one or more other governmental units.

Short-term Debt - Debt of less than one year.

Statute - A written law enacted by a duly organized and constituted legislative body and approved by the Governor.
